The following document describes the governance and activities of McMaster’s Undergraduate Council (UGC) and its related committees, except for the Quality Assurance Committee and the Awards Committee. It is a reference for staff that prepare curriculum submissions and to serve as a guide for the governance framework of curriculum.

Overview of Undergraduate Council (UGC)

Purpose

As a Council of Senate, by-laws require UGC to “initiate and regulate matters concerning undergraduate work of concern to the University as a whole, in accordance with such directives and priorities as have been established by the Senate.” In effect, UGC evaluates revisions to the undergraduate curriculum, academic regulations, policy, and financial aid and awards as recommended by the Faculties or the Arts & Science Program.

UGC is also expected to “report and to make recommendations to the Senate upon such matters as may be judged necessary by the Undergraduate Council or as required by the Senate.”

Member Composition

The composition of UGC includes:

- 16 *ex officio* members:
 - ❖ Vice-Provost (Teaching and Learning) (**Chair**)
 - ❖ Chancellor
 - ❖ President and Vice-Chancellor
 - ❖ Provost
 - ❖ Associate Vice-President (Students and Learning) & Dean of Students
 - ❖ Associate Deans (Undergraduate Studies) of the Faculties of Business, Engineering, Humanities, Science and Social Sciences
 - ❖ Six elected faculty members, comprising one member from each Faculty offering undergraduate work
 - ❖ Seven undergraduate students, one from each of the six Faculties offering undergraduate work, and one from the Arts and Science Program, to be appointed by the Senate on the recommendation of the Dean/Director
 - ❖ University Secretary or delegate (*non-voting*)
 - ❖ Invited guests and consultants (*non-voting*)
- ❖ Vice-Dean (Education), Faculty of Health Sciences
- ❖ Director of the Arts and Science Program
- ❖ Director of McMaster Continuing Education
- ❖ University Registrar
- ❖ University Librarian

Committees

UGC has five standing committees:

1. **Executive Committee:**
 - May act on behalf of, and within the functions granted to UGC by Senate and typically reviews time-sensitive business occurring outside of UGC’s usual meeting schedule. Actions are reported for ratification at the next regular meeting of UGC. Membership of the committee includes: UGC’s Chair, Vice-Chair, and the Chairs of each of the Standing Committees. The Committee also approves the memberships for standing and ad-hoc committees annually.
2. **Awards Committee:**
 - Recommends terms and conditions for all undergraduate awards and directs the Office of the Registrar (Aid & Awards) regarding the policy, procedure, and administration for the acceptance of such awards.
3. **Joint Committee on Certificates, Diplomas and Microcredentials:**

- Joint Committee composed of UGC and Graduate Council (GS) representatives, and operates within the framework of the *Certificates, Diplomas, and Microcredentials Policy*.
 - Assesses, for recommendation to UGC and GC, new certificate, diploma, and microcredential programs and revisions to existing programs. The committee will either make a recommendation for approval by UGC and Senate or, may provide a report for information in the case of new Certificates of Attendance or Completion, or minor revisions to existing certificates and diplomas.
4. **Curriculum & Admissions Committee:**
- Coordinates and examines curriculum revisions for inclusion in the Undergraduate Calendar.
 - Reviews curriculum changes in detail and provides a summary report to UGC and Senate for approval.
5. **Quality Assurance Committee:**
- Operates within the framework of the *Policy on Academic Program Development and Review*.
 - Assesses IQAP cyclical reviews and submits Final Assessment Reports to Undergraduate and Graduate Councils for information.
 - Receives status reports of any pending program proposals.
6. **Ad hoc Committees** are struck as required by its mandate. Recent committees established by UGC include Ad hoc Committees on/to. An ad hoc committee to review the policy on Requests for Relief for Academic Term Work Policy (MSAF) will be struck this year.
- Academic Structures for Student Success (CASS)
 - Certificates, Diplomas, and Microcredentials
 - Major and Two Minors Pathway (M2M)

Business Conducted

UGC regulates the following undergraduate academic activities:

- i. New programs, program closures, and revisions to programs including names, ownership, or degree designation¹
- ii. New certificate and diploma programs; revisions to, or closures of
- iii. Revisions to courses, program and admission requirements
- iv. Revisions to academic policy and regulations for recommendation to the Senate. For example:
 - General Academic Regulations
 - Undergraduate Course Management Policy
 - Religious, Indigenous, Spiritual Obligations (RISO) Policy
- v. Sessional dates, for information to the Senate
- vi. Terms and conditions of student financial aid and awards
- vii. Any other business placed on its agenda by its Chair, the Secretary, an Associate Dean or Dean of a Faculty offering undergraduate work, or the Director of the Arts and Science Program.

In practice, the above items i, ii, and iii are reviewed in detail by the C & A Committee and are provided in summary to UGC for approval. **See Table 1 below and Appendix 1 for more detail about the approval workflow of academic activities.**

March	<ul style="list-style-type: none"> Undergraduate Calendar goes live (late March) Senate receives Sessional Dates for information for the Academic year that begins in 18 months

The timeline for the curriculum revision process exists to ensure downstream committees make the appropriate approvals before the undergraduate calendar goes live. In some cases, additional approvals will be necessary from the Student Fees Committee, University Planning Committee (UPC), the Senate, and the Ministry Colleges and Universities (MCU).

The C & A Committee will examine in detail most curriculum changes during its first November meeting. Two meetings have been scheduled, both for a duration of 3-4 hours in which to do so. If all the changes cannot be reviewed and approved by the end of the first day, remaining items will be reviewed at the second scheduled meeting.

After its meetings, the committee provides UGC with a summary report of the changes, which is typically approved by UGC during the December meeting that precedes the academic year under review.

Governance and Administration

The University Secretariat is responsible for coordinating and facilitating the work of UGC and its committees. Specific tasks performed by the Assistant University Secretary and the Secretariat on behalf of UGC include:

- ❖ Establishing meeting dates and locations and scheduling ad-hoc meetings, as necessary
- ❖ Inviting members, consultants, observers and special guests to meetings as required by UGC’s business
- ❖ Monitoring expected attendance for quorum
- ❖ Collecting and distributing meeting materials to members
- ❖ Capturing meeting minutes, appending the final approved versions to the meeting packages, and archiving the package to form the official record
- ❖ Drafting remarks for the meeting chair which may include a list of motions for the meeting
- ❖ Providing advice about the process in which UGC conducts business

UGC generally divides its meeting agenda between DISCUSSION, APPROVAL, and INFORMATION items, and includes reports from its committees. In some cases, additional governing bodies including UPC, the Student Fees Committee, or Senate must approve or receive an item for information, and typically UGC uses separate motions to identify these items in the agenda. Some examples include:

Items recommended to Senate for approval:

- New degree, diploma and certificate programs (also to UPC when new fees are charged)

- Degree, certificate, or diploma closures; suspension of program admissions (also to UPC)
- Degree program name changes
- Revisions to academic regulations or admission requirements

Items recommended to UPC for approval:

- New degree, diploma and certificate programs (also to the Senate)
- Closures of degree programs or suspension of program admissions (also to the Senate)
- Certificate or diploma closures (in cases where there is an impact on resources for the unit or Faculty)

Notes:

- It is not the mandate of UGC, nor its committees to review any business related to student fees. This responsibility rests with UPC and the University Student Fees Committee
- External approval or reporting may be necessary in the case of new programs or major modifications to existing programs
- Should certificate of attendance and certificate of completion programs charge new or revised fees to learners, they must go through the same approvals pathway as standalone certificates and diplomas

Curriculum & Admissions Committee (C & A)

Purpose

The C & A Committee receives and scrutinizes, in detail, annual changes to curriculum, admissions requirements, and Faculty-level regulations proposed by each Faculty, as well as the Arts & Science program. As per the Senate bylaws, the Committee assesses each submission by its “fairness to students, avoidance of conflicts, and equity among Faculties.” This evaluation ensures:

- ❖ Equity in the outcome and application of regulations, requirements, and policies for all undergraduate students
- ❖ Students are not disadvantaged by revisions proposed by a department or Faculty outside of their own
- ❖ Prerequisite courses are used to ensure acceptable preparation and not to manage enrolment in the course
- ❖ Students may enrol in courses that are outside of their discipline without unreasonable restriction

The collegial review of curricular and admission revisions should also ensure that new requirements or policies are “consistent with general University guidelines,” including those contained in the [Undergraduate Course Management Policies](#). Revisions approved by the Committee are recommended to UGC and form the basis of the annual update of the undergraduate calendar.

Member Composition

The membership of C & A Committee is drawn from members of UGC and normally includes:

- *Ex Officio*:
 - Vice Provost (Teaching and Learning)
 - Associate Deans (Academic) of the Faculties of Business, Engineering, Humanities, Science and Social Sciences
 - Vice-Dean, Undergraduate Health Sciences Education
 - Director of the Arts & Science Program
 - University Registrar
- Two elected members of faculty
- Three undergraduate students
- Consultants (*non-voting*)

The Chair of UGC appoints the Chair of the C & A Committee. A majority of members constitute a quorum, which may include the Chair.

⁵ Certificate of attendance and completion programs will only be reported for information if no new fees are charged. If there are new fees, these programs must be approved by CDM, UGC, UPC and Senate.

⁶ For example, departmental Faculty Member lists, glossary item definitions, etc.
Sept. 2022

Procedure for the Annual Review of Curriculum Changes

Schedule

Table 1 above describes the annual timeline for UGC's business. The annual cycle traditionally begins in the September preceding the academic year under review. The cycle begins with Faculty-level curriculum committees reviewing and approving the changes proposed by their departments; this review continues throughout September and October. By early November, each Faculty Council will have approved all proposed changes, and the final set of revisions is submitted to the C & A Committee for its November meetings. When required, UGC approves material from the November C & A meeting during its December meeting. In turn, UGC submits material for approval, when required, to Senate for its January meeting. After this time, UGC will entertain only critical revisions and only with the agreement of the C & A Committee Chair.

Meetings and Agenda

The C & A Committee uses its in-person meetings to review, discuss, and approve curriculum changes received from each Faculty and the Arts & Science Program (see the evaluation criteria listed under *Curriculum & Admissions Committee: Purpose* above). The C & A Committee traditionally meets once per month during the academic year but addresses the majority of business during its November meeting. In consultation with the Chair, the Secretariat establishes the order in which the C & A Committee reviews submissions, which often depends on the significance and the time required for deliberation of the proposed changes. Voting may take place electronically when required. The Secretariat will capture minutes from meetings, and members will approve these minutes at the next scheduled meeting. After approval, minutes are appended to the corresponding meeting package and form the official record. The Chair will use King & Kerr's *Procedures for Meetings and Organizations* to facilitate meetings and group decision-making.

Curriculum Revision Submissions

Documents submitted by the Faculty offices should be electronic and illustrate all revisions to degrees, programs, courses, admission requirements, descriptions, regulations, and policies. The inclusion of an abstract is encouraged, but submissions must present the annotated calendar copy for each applicable section in its entirety. That is, existing calendar copy should be marked-up using the ~~strikeout~~ feature to show text deletions and the **grey highlight** feature to show text additions. A brief rationale should be included for each change (or set of changes) unless it is typographical error correction, or, the reason for the change is apparent.

All revisions move through stages of approvals, and each level of governance requires different degrees of detail to consider for their acceptance. The C & A Committee requires the most detail for its deliberations, UGC requires a summary, and Senate needs only enough detail to approve major revisions at a high level. Each governing body that reviews the submission must be supplied with an appropriate amount of detail so they may fulfil their mandate. Sections of a submission intended for lower governing bodies (and have higher amounts of detail) will be removed from the report by the Secretariat as it moves through the governance process. See *Table 2* above for a matrix outlining the approval chain of typical undergraduate academic business and also *Appendix 2* for a sample submission template illustrating the structure used in the document.

Content

The C & A Committee reviews all matters related to the academic work of undergraduate students at McMaster, including new or revised content as noted below. New programs, program closures and substantial changes to admission standards, program requirements, or academic regulations must be further reviewed by UGC and Senate for approval (see *Table 2* above for a complete list).

a) Undergraduate degrees and programs:⁷

New Programs

The Committee reviews the full program proposal as described in the [Policy on Academic Program Development and Review](#).

Revisions to Existing Programs

It is not necessary to include the entire program requirements in the submission and only the section(s) being revised are required. The highlight/strikeout method should be used to indicate changes.

Program revisions often include:

- The addition, removal, or substitution of required or elective courses
- The adjustment of required course units for a particular level of the program
- The addition, removal or modification of program notes

Where changes are substantive, academic units should include a brief rationale for each change (or group of changes).

Program Closures

Proposals seeking the phasing out or termination of programs, diplomas, or certificates should briefly outline:

- The rationale for the closure
- The number of in-course students affected by the closure
- The anticipated strategy to manage in-course students (if applicable)
- The expected timeline for the ceasing of admission, wind-down, and ultimate termination of the program

b) Specializations, streams, interdisciplinary minors and minors:

- Proposals may include a brief description and rationale, followed by the new calendar copy
- Revisions and closures shall be formatted as described in (a) above, though it is understood that current participation data may not be available for some minors

c) Program admission (including Level I and upper-year program admission):

- Adjustments to requirements are included in the “Revisions to Programs” section of the report
- More senior governing bodies require an appropriate level of detail for their approvals

d) Course descriptions and requisites:

- New courses are listed in the appropriate section of the report (see *Curriculum Submissions: Format* below) and should include the complete title and description of the course
- Revisions to existing courses are indicated using the highlight and strikeout method within the full course description
- The “Course Deletions” section of the submission template lists all the courses to be removed from the calendar (see *Curriculum Submissions: Format* below)
- Rationale and supplemental details (e.g. projected enrolment, reserve capacities, etc.) may be included with the course revisions, especially if the course includes/excludes enrolment from other Faculties

e) Faculty, program, or department-specific regulations:

- See *Curriculum Submissions: Format* below for placement.

f) General Academic Regulations and University-wide academic policy:

⁷ Refer to the [Policy on Academic Program Development and Review](#) for procedures and information on new program proposals. For program closures, see the [Protocol for the Closure of Undergraduate Programs](#). See also *Table 2* describing the required approval sequence for the introduction, revision, or closure of various credentials.

- Proposed revisions to the General Academic Regulations or University-wide academic policy are included in the *Report to the Senate* section of the package and should include appropriate details for the Senate’s consideration.

Curriculum Submissions: Format

Annual curriculum submissions by Faculty offices use the following structure:

Faculty of xxxx - Curriculum Revisions for the 20xx-20xx Undergraduate Calendar

i. Summary Page: Report to Senate

Summary of Major Curriculum Changes

- 1.0 New Programs
- 2.0 Program Closures/Mergers
- 3.0 Major Curriculum Revisions
- 4.0 Revisions to the General Academic Regulations, Faculty-Level Regulations, and Academic Policy

ii. Summary Page: Report to Undergraduate Council

Department of xxxx

- 1.0 New Programs, specializations, or minors
- 2.0 Revisions to Existing Programs, Specializations, Minors, and Program-Level Regulations (*including program notes*)
- 3.0 Deletions of Programs, Specializations, or Minors
- 4.0 New Courses
- 5.0 Revisions to Existing Courses and Departmental Notes
- 6.0 Course Deletions
- 7.0 Revisions to non-curricular calendar copy (e.g. faculty member list, glossary, etc.)

The Committee meeting package is later assembled using all of the consolidated Faculty submissions, and each Faculty appears as a separate appendix within the *Curriculum Revisions for the 20xx-20xx Undergraduate Calendar* portion of the agenda. See below for the typical structure of the Committee’s meeting package. **Note:** The Secretariat must receive final curriculum submissions at least one week before the in-person meeting so that members have adequate time to review the material on the secure portal.

Meeting Packages

A typical Committee meeting package uses the following structure:

- I. Agenda
- II. Minutes of the Previous Meeting (for approval)
- III. Curriculum Revisions for the 20xx-20xx Undergraduate Calendar⁸
 - i. Arts & Science Program - Curriculum Revisions for the 20xx-20xx Undergraduate Calendar
 - ii. Faculty of Business - Curriculum Revisions for the 20xx-20xx Undergraduate Calendar
 - iii. Faculty of Engineering - Curriculum Revisions for the 20xx-20xx Undergraduate Calendar
 - iv. Faculty of Health Sciences - Curriculum Revisions for the 20xx-20xx Undergraduate Calendar
 - v. Faculty of Humanities - Curriculum Revisions for the 20xx-20xx Undergraduate Calendar
 - vi. Faculty of Science - Curriculum Revisions for the 20xx-20xx Undergraduate Calendar
 - vii. Faculty of Social Sciences - Curriculum Revisions for the 20xx-20xx Undergraduate Calendar

⁸ Revisions proposed after the November Committee meetings are considered addenda to the first set of revisions.
Sept. 2022

Changes presented by each Faculty are normally approved using a single motion (i.e. one motion per Faculty). However, when a senior governing body must approve an item separately (e.g. a new program), the Committee uses individual motions for these items. *Table 2* above describes which items are approved by more senior governing bodies: these items require separate motions for approval.

Report from the C & A Committee to UGC

- UGC requires only a summary of general curriculum revisions, but each Faculty must include a hyperlink to the complete submission should UGC members require more information. See *Appendix 2* for a sample report from the C & A Committee to UGC.
- the C & A Committee forwards its report containing the Faculty submission summary reports to UGC (see *Curriculum Submissions* above).
- items to be referred to the Senate for approval (e.g. new/closed programs, changes to admissions, etc.), should include the full proposal or content.

Certificates, Diplomas and Microcredentials Committee (CDM)

See the [Certificates, Diplomas & Microcredentials Policy](#) for a comprehensive description of the Committee's mandate and process.

Purpose

Operating within the framework of the policy, the CDM Committee assesses, for recommendation to UGC and GC, new certificate, diploma and microcredential programs and revisions to existing programs. The committee will either make a recommendation for approval by UGC/GC and Senate or, may provide a report for information in the case of new Certificates of Attendance or Completion (providing no new fees are charged).

Member Composition

The membership of the Certificates, Diplomas & Microcredentials Committee is drawn from members of UGC and GC must include:

- *Ex Officio*:
 - The Chair of the Committee
 - The Chair of Undergraduate Council
 - The Chair of Graduate Council
- Two Associate Deans, one of Undergraduate Studies and one of Graduate Studies from different Faculties
- Two students; one from UGC and the other from GC
- University Registrar
- Consultants (*non-voting*)

The Chairs of UGC and GC will appoint the Chair of the Certificates and Diplomas Committee. Quorum requires a majority of voting members, which may include the Chair. The composition of the committee's membership may be adjusted to ensure diversity in Faculty representation.

Procedure and Schedule for Review

McMaster Continuing Education (MCE) or Faculty offices may propose new certificate or diploma programs (or revisions to existing programs) for consideration by the CDM Committee. There is not a fixed schedule for proposals to be considered during the academic year, but adequate time must be left for consideration by more senior governing bodies, before a given program may commence. All governing bodies must approve revisions by the end of March preceding the academic year under review if revisions are to appear in the undergraduate calendar. See *Table 2* above for the types of certificate or diploma revisions that may require further approval by more senior governing bodies.

Meetings & Agenda

The Certificates, Diplomas & Microcredentials Committee uses its in-person meetings to review, discuss, and approve new certificates, diplomas and microcredentials, along with revisions to existing programs. Each category requires a different level of consideration based on the *Certificates and Diplomas & Microcredentials Policy*. In consultation with the Chair, the Secretariat establishes the order in which the Committee reviews proposals, which often depends on the significance and the time required for deliberation of the proposed changes. Agenda items are separated by those FOR APPROVAL and those FOR INFORMATION and include new programs, revisions to existing programs, and program closures. Voting may occur electronically when required. The Secretariat will capture minutes from meetings, and members will approve these minutes at the next scheduled meeting. After approval, they are appended to the corresponding meeting package and form the official record. The Chair uses King and Kerr's *Procedures for Meetings and Organizations* to facilitate meetings and group decision-making.

Submissions

New Programs

MCE or a sponsoring academic unit submits proposals for new **undergraduate diplomas, stand-alone certificates, and concurrent certificates** to the CDM Committee for consideration. In the absence of a standard template for these credentials, the proposal should include the following information:

- Program overview and rationale including learning objectives and the protocol for student assessment
- A statement of academic merit from a Faculty office
- Admission requirements, if any
- A statement of financial viability and resource implications
- Credit toward degree studies, if any
- Statement of Administrative Responsibility
- A list of courses that comprise the credential, if applicable

Note: New **Certificates of Completion** and **Certificates of Attendance** do not require approval from the Committee or UGC, nor do revisions to existing programs in these categories. **The exception is when new fees are being charged.** However, administrative and academic units must report new, revised, and closed certificate programs to the Committee on an annual basis. This report may be submitted to the Committee at any time during the academic year.

Revisions to Existing Programs

It is not necessary to include the entire program requirements in the submission and only the section(s) being revised are required, with alterations indicated using the highlight and strikeout method.

Program revisions often include:

- Additions, removals, or substitutions of required or elective courses
- Adjustments of required course units for a particular level of a program
- Additions, removals or modifications of program notes

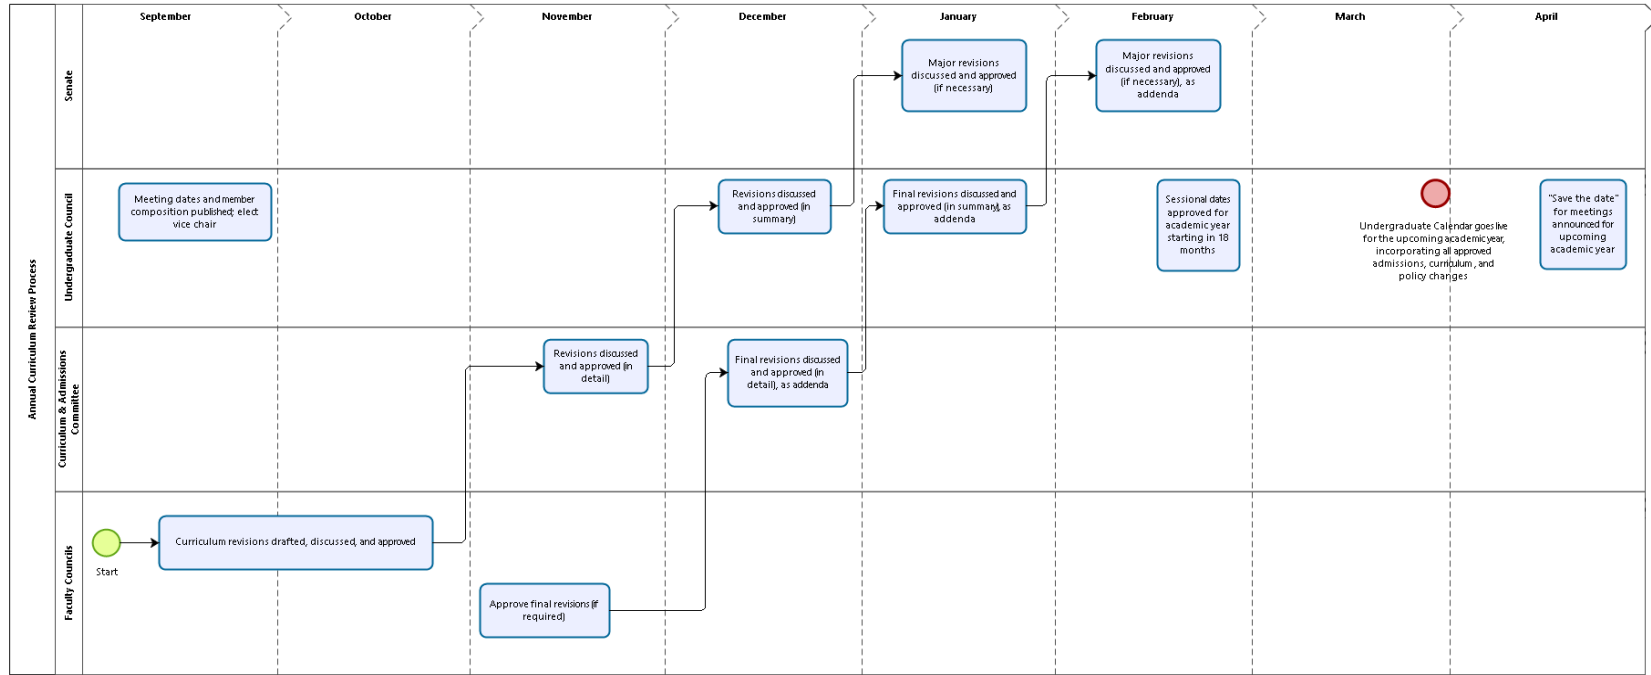

Where changes are substantive, academic units should include a brief rationale for each change (or group of changes).

Program Closures

Proposals seeking the phasing out or termination of a diploma or certificate program should briefly outline:

- Rationale for the closure
- Number of in-course students affected by the closure
- Anticipated strategy to manage in-course students (if applicable)
- Expected timeline for the ceasing of admission, wind-down, and ultimate termination of the program

FACULTY OF HUMANITIES (DEAN'S OFFICE)

1.0 NEW PROGRAMS: n/a

2.0 REVISIONS TO EXISTING PROGRAMS:

2.1 Concurrent Certificate in Leadership & Cross-Cultural Literacy (*as submitted to Certificates and Diplomas Committee*)

3.0 NEW COURSES:

3.1 HUMAN 3D12 - Full-Time Discovery Channel Internship

12 unit(s)

This course integrates academic knowledge with an internship experience involving the research, writing and production of content for Discovery Channel Canada. Students will also gain valuable experience in production coordinating and management. Students accepted to this placement will document their learning experiences through a portfolio. The employer establishes the number of positions available.

This course is evaluated on a Pass/Fail basis.

Normally 35 hours per week.

Prerequisite(s): Registration in Level 3 or above of any Honours Humanities program; and permission of the Associate Dean or delegate.

Enrolment and credit in this course is contingent upon the student's successfully having secured a position with the employer, and on satisfactory employer evaluation(s).

Rationale: *The Discovery Channel offers several unpaid internships, and these applications will now be opened to McMaster's Humanities students, and notably to those within Communication Studies and Multimedia programs. Should a student be selected for this internship they will have the option of completing as a for-credit offering. This course was previously offered on Dean's Letter.*

3.2 HUMAN 4LW3 – Wilson Leadership Scholar Capstone A/B

3 unit(s)

This course may be taken by Wilson Leadership Scholar Award winners. Working under the supervision of the Wilson Leadership Scholar Award Director and Associate Director, students will combine leadership theory and practice through the creation and completion of applied community outreach projects.

This course is graded on a Pass/Fail basis.

Two to four hours; two terms

Prerequisite(s): Open to Wilson Leadership Scholar Award winners; permission of the Wilson Leadership Scholarship Award Associate Director is required.

Rationale: *This course was previously offered on Dean's Letter. Wilson Leadership Scholar winners have the option of completing a community project under the supervision of the Director and Associate Director and as an academic capstone. This course can be taken in place of HUMAN 4LC3 for those students completing the concurrent certificate in Leadership and Cross-Cultural Literacy.*

Types of Degree Programs

Rationale for all program description changes: *Clarification of individual degree requirements, as based on both unit requirements and full-time projected time to completion.*

Single Honours Program

~~This involves three years of study, beyond Level I, concentrated in the work of a single discipline (e.g. History.) After three years of Music study beyond Music I, students receive a B.Mus. (Honours) degree.~~

Honours Bachelor of Arts programs consist of a total of 120 units of work typically completed over four years of full-time study. Honours programs provide a concentration in the work of a single discipline (e.g. History). The Honours Bachelor of Music (B. Mus. Honours) consists of 123 units total, with three years of full-time Music study beyond Music 1. The Honours Bachelor of Fine Arts (B.F.A. Honours) is completed in 120 total units, or three years of full-time Art study beyond Studio Art I.

Combined Honours Program

~~This involves three years of study, beyond Level I, concentrated in the work of two disciplines (e.g. English and Peace Studies.) A student can combine study in any two Humanities disciplines, or one Humanities discipline and a subject from another Faculty where appropriate (e.g. History and Political Science.)~~

Subject to possible timetable restrictions, and provided that the student meets the requirements for entry into each of the relevant Honours programs, a student may combine work in any two disciplines within the Humanities for completion of a Combined Honours Bachelor of Arts degree (e.g. English and Peace Studies). These combinations are available within the Faculty, in combination with programs in the Faculty of Social Sciences (e.g. History and Political Science), and with select offerings in the Arts and Science Program, or select combinations with Math or Biology. Students will complete 120 units, including approximately 36 units of work beyond Level I in each component of the program (normally 12 units per level in each subject). The Honours B.A. in Justice, Political Philosophy and Law is not available in combination with another subject.

B.A. Program

~~This involves two years of study, beyond Level I, concentrated in the work of a single discipline.~~

Bachelor of Arts programs consist of a total of 90 units, typically completed over three years of full-time study, and concentrated in the work of a single discipline.

The content and the requirements of Single Honours, Combined Honours and other B.A. programs are found after the Academic Regulations below.

There are a number of Humanities courses without prerequisites which may be taken as electives. Individual course descriptions are listed by department in the Course Listings section of this Calendar.

Not only are students from other Faculties able to take individual courses which have no prerequisites, but they are also able to transfer into any of the degree programs offered by the Faculty of Humanities. For the majority of programs in the Faculty, admission may be gained after the successful completion of any Level I program at the university, providing this includes the necessary program requisites as outlined in the admission statement for each Humanities program as described under Programs for the B.A., B.A. (Honours) and B.Mus. (Honours) Degrees.

Second Language Proficiency

Students embarking on Humanities programs should be aware that most graduate schools require, for admission, proficiency in at least one, and frequently two, languages other than English. In this Faculty, proficiency in at least one language other than English is regarded as an essential tool for students interested in Linguistics. Generally, proficiency in more than one language is a hallmark of most highly-qualified Humanities' graduates seeking the widest range of post-graduation academic and employment opportunities.

~~For students wishing to acquire a reading knowledge of French, a summer course, FRENCH 4R06 is offered in May/June in alternate years. This course is intended to prepare current and incoming graduate students for the French proficiency test administered by some departments. Certain graduate programs recognize a passing mark in this course as fulfillment of the second language requirement. For students wishing to acquire a reading knowledge of German, GERMAN 4RC6 is offered in May/June in alternate years.~~

***Rationale:** Deletion of older and/or redundant information regarding language offerings.*

Deferred Examinations and Deferred Term Work

Students who have been granted more than one deferred examination or term-work privilege may be required by their Faculty/Program office to **reduce their course load** during the term in which the deferred examinations are being written. The decision on a reduced load will be made and communicated with the decision on the application for deferred examinations.

***Rationale:** Inclusion of reference to incomplete term work as a deciding factor in the possibility for reduced course load in the subsequent term.*

Summer School

~~Students who have been granted deferred examination or term-work privileges for courses taken in the preceding Winter session must secure the advance permission of the Assistant Dean of Humanities before enrolling in Spring/Summer courses. A decision will be made based upon the academic record of the student and the amount of work outstanding.~~

***Rationale:** This section is redundant now that all information is included in reference to 'Deferred Examinations and Deferred Term Work'.*

Letter of Permission

Students in good academic standing, who wish to attend another university to take courses for credit toward a McMaster degree, must first request a Letter of Permission in the Student Centre in Mosaic. A Letter of Permission is automatically cancelled if a student is placed on academic probation, program probation, or required to withdraw from the University. Students should take note of any conditions on the Letter of Permission that might apply, including the requirement of a grade of at least C- for transfer credit. Courses taken at another university cannot be used to satisfy the University's minimum residence requirement, will not be included in the calculation of the averages at McMaster, and therefore cannot be used to raise standing. The transcript designation will read **TCOM**, indicating transfer credit has been granted **Complete**,

when a C- or better is attained. It is the student's responsibility to ensure that an official transcript from the host university is sent to the Academic Advising Office to receive credit for work taken.

Rationale: *Updating of language to reflect current practice.*

Summer Immersion Programs in French

- Students must obtain approval from the Academic Advising Office prior to participating in any language immersion program. Failure to obtain prior approval may result in transfer credit not being accepted.
- The government-sponsored Explore summer language program offers university students the opportunity to take French courses at a large number of accredited institutions. Students wishing to attend another university in order to participate in a language immersion program must: (a) petition the Academic Advising Office, (b) submit detailed course descriptions for assessment, and (c) obtain a Letter of Permission.
- Students enrolled in a program in French may take a maximum of six units of credit in this manner as elective work only. Students not enrolled in a program in French may take up to 12 units of credit.

Rationale: *Highlighting of significance that prior approval must be obtained for acceptance of appropriate transfer credit.*

Humanities Study Abroad

Humanities Study Abroad During Level III of Honours Programs

- There are two ways to undertake international studies during Level III of an Honours program: (i) a Formal Exchange Program or (ii) a ~~Third Year Study Elsewhere Program~~. Independent Study Abroad through a Letter of Permission.

(I) Formal Exchange Program During Level III of Honours Programs

- Formal Exchange Programs are those where McMaster University has an agreement with another institution involving a temporary exchange of students. Exchange students ~~enrol at, and~~ pay tuition fees and supplementary fees to McMaster. No tuition is paid to the other institution. See the General Academic Regulations section of this Calendar and the sections on Eligibility and Application below.

Eligibility for ~~Study Abroad~~ the McMaster Exchange Program

- Students enrolled in any Honours or Combined Honours program in the Faculty of Humanities may apply to replace all or part of the work of their third year with an acceptable program of study taken at a partner university or ~~equivalent institution~~ approved by the Faculty of Humanities.
- To be eligible to take part in this program, students must have completed at least 60 units of work with a Grade Point Average of at least 7.0. Individual programs may have additional requirements. All requirements must be satisfied by the end of the Fall/Winter session (September-April) preceding the commencement of study elsewhere. Students taking part in this program do not have the option of graduating with a three-year B.A. degree on the basis of work completed in this program, but must return to McMaster University to complete their final 30 units of work.
- Students may receive up to 30 units of credit for a full year of study at another institution. The awarding of transfer credit for work completed elsewhere may be confirmed only after the Academic Advising Office has received transcripts and reviewed students' academic achievements following their return and after they have officially enrolled for Level IV.

Application for ~~Study Abroad~~ the McMaster Exchange Program

- Students interested in applying for this program should consult the Academic Advising Office approximately one year before they anticipate studying abroad (i.e. during the Fall term of the year in which they enter Level II.) ~~A plan for the completion of the academic program, approved by the program counsellor(s), must be submitted to the Advising Office by the published deadline (usually in January, although applications for some exchanges may be due as early as December.)~~ Applications are submitted through International Student Services and are normally due in January of Level II.

(II) ~~Third Year Study Elsewhere Honours Program~~ Independent Study Abroad

- Qualified Level III students may undertake studies at a university abroad ~~for one or two terms in the Third Year Study Elsewhere Program~~ through a Letter of Permission. ~~This program is not available at universities with which McMaster University has a Formal Exchange Agreement.~~ Students enrol at, ~~but do not pay tuition to McMaster University.~~ Students and pay tuition fees to the other institution. See the General Academic Regulations section of this Calendar and the sections on Eligibility and Application below.

Eligibility for Study Abroad through Letter of Permission

- Students in good standing in the Faculty of Humanities may apply for a Letter of Permission to take coursework abroad towards their degree. The coursework must be approved in advance by the faculty office. Students must apply directly to, and be accepted by, the other school.

- The awarding of transfer credit for work completed elsewhere may be confirmed only after the Academic Advising Office has received transcripts and reviewed students' academic achievements following their return

Application for Study Abroad through a Letter of Permission

- Students should consult with an academic advisor on the coursework to be taken abroad prior to applying. A Letter of Permission must be given by McMaster to be permitted to take coursework elsewhere for transfer credit. Students apply directly to the other school to be accepted, and must be aware of the other school's dates and deadlines.

Eligibility for Study Abroad the McMaster Exchange Program

- Students enrolled in any Honours or Combined Honours program in the Faculty of Humanities may apply to replace all or part of the work of their third year with an acceptable program of study taken at a partner university or equivalent institution approved by the Faculty of Humanities.
- To be eligible to take part in this program, students must have completed at least 60 units of work with a Grade Point Average of at least 7.0. Individual programs may have additional requirements. All requirements must be satisfied by the end of the Fall/Winter session (September-April) preceding the commencement of study elsewhere. Students taking part in this program do not have the option of graduating with a three-year B.A. degree on the basis of work completed in this program, but must return to McMaster University to complete their final 30 units of work.
- Students may receive up to 30 units of credit for a full year of study at another institution. The awarding of transfer credit for work completed elsewhere may be confirmed only after the Academic Advising Office has received transcripts and reviewed students' academic achievements following their return and after they have officially enrolled for Level IV.

Application for Study Abroad the McMaster Exchange Program

- Students interested in applying for this program should consult the Academic Advising Office approximately one year before they anticipate studying abroad (i.e. during the Fall term of the year in which they enter Level II.) A plan for the completion of the academic program, approved by the program counsellor(s), must be submitted to the Advising Office by the published deadline (usually in January, although applications for some exchanges may be due as early as December.) Applications are submitted through International Student Services and are normally due in January of Level II.

Rationale: Updating of all language pertaining to study abroad options, based on current practice and processes.

4.1 ARTHIST 2A03 - Visual Literacy

3 unit(s)

A course of lectures and discussions that explores the concept of visual literacy and examines the ways in which fine and popular arts structure our understanding through images.

~~One lecture (two hours), one tutorial/discussion;~~ Three lectures; one term

Prerequisite(s): Registration in Level II or above

Antirequisite(s): CMST 2I03

Offered on a rotational basis.

Rationale: Change to reflect addition of third hour lecture.

4.2 ARTHIST 3XX3 - Cinema History from WWII

3 unit(s)

An exploration of narrative film from 1941 to the present day, incorporating a study of a variety of narrative cinema styles. Theoretical issues will include questions of cinema's relationships to other art forms, narrative, genre and authorship.

Two lectures, plus one weekly film screening; one term

Prerequisite(s): One of ARTHIST 2FL3, ARTHIST 3FL3, THTRFLM 2FF3 or THTRFLM 3FF3

Antirequisite(s): CMST 3XX3

Cross-list(s): THTRFLM 3L03

This course is administered by Theatre & Film

2.3 Honours Music (B.Mus.) (Music Cognition)

Admission

Enrolment in this program is limited. Admission requires, as a minimum, completion of Music I, a Grade Point Average of at least 5.0, and an average of at least 5.0 in PSYCH 1X03 (or 1F03) and PSYCH 1XX3 (or 1FF3).

Program Notes

1. Students interested in this program must have completed Grade 12 Biology U, or enroll in BIOLOGY 1P03 in the first term of Level I, concurrently with PSYCH 1X03.
2. More advanced training in statistics is recommended for students in this program (especially if students plan to conduct independent research in the future), but is not required. Students wanting more advanced statistics training should take PNB 2XE3 and PNB 3XE3. For permission to take these courses, please see the Academic Advisor in the Department of Psychology, Neuroscience & Behaviour.
3. The courses appearing in Course List 1 are specifically intended to prepare students to attend a Faculty of Education and for a career in school and music teaching. Students interested in Music Education are

Appendix 2: Sample Curriculum Revision Document

advised to consult the Music Counsellor during Level I for advice on fulfilling the entrance requirements of Faculties of Education.

4. Students who intend to pursue graduate studies in music history or theory or who wish to use the music degree as preparation for post-graduate studies in other professions should select a significant number of the courses in Course List 2.
5. Students in the Honours B.Mus. (Music Cognition) program can only use a total of 12 units from *Course List 5* as credit toward their degrees.
6. Although it is listed as an option, students are encouraged to complete MUSICCOG 4D06 A/B - Thesis in Music Cognition.
7. Psych 2E03 is recommended as preparation for MUSICCOG 4MP3.

2.4 Diploma in Music Performance (as submitted to Certificates and Diplomas Committee)

3.0 NEW COURSES: n/a

4.0 REVISIONS TO EXISTING COURSES:

4.1 MUSIC 2B03 – Music History: Music in Western Culture from c. 1750 to the Present ~~History of Western Music (1890-present)~~

3 unit(s)

A survey of Western music from the late 19th century c. 1750 to the present. Includes consideration of performance practices, influences of the other arts and socio-political developments. In addition, musicological research and writing skills will be cultivated.

Three lectures; one term

Prerequisite(s): Registration in Level II of a Music program

Rationale: Minimal change to title and description, to address how course is offered.

4.2 MUSIC 2CA3 - Theory and Analysis III, MUSIC 2CB3 - Theory and Analysis IV

First offered in 2018-2019.

Rationale: Reference to first offering is no longer required.

4.3 MUSIC 2DA3 - Practical Musicianship III

3 unit(s)

Continuation of MUSIC 1DB3.

Sight-singing, dictation, and keyboard harmony.

One lecture, two labs, one tutorial; one term

Prerequisite(s): MUSIC 1DB3 and rRegistration in a Music program or permission of the instructor if space permits

Antirequisite(s): MUSIC 2D03

First offered in 2018-2019.

Rationale: This course is a continuation of MUSIC 1DB3.

4.4 MUSIC 2MC3 - Psychology of Music

3 unit(s)

Overview of the psychological roots of the musical experience. Sample topics to include the perception of pitch, timbre, meter, and tonality as well as the communication of emotion. There will be a particular emphasis on the practical

implications of basic principles of perception and cognition, with a focus on improving the quality and efficiency of music performance, learning, and education.

Three lectures, one term

Prerequisite(s): Registration in Level II of an Honours, Combined Honours or B.A. Music program

Antirequisite(s): MUSICCOG 2MA3, 2MP3, PSYCH 2MA3, 2MP3

Rationale: This course is intended for non-Music Cognition students (who will take the specialized, core MUSICCOG 2MA3 anti-requisite).

4.5 MUSIC 2MH3 - Music History-II: Music in Western Culture to 1900 from Antiquity to c. 1750

3 unit(s)

An examination, through selected examples, of Western musical practice and its contexts, from Antiquity to the beginning of the twentieth century approximately 1750. A significant portion of the course will be devoted to the cultivation of writing and research skills.

Three lectures; one term

Prerequisite(s): Registration in level II of a Music program

Antirequisite(s): Music 2BB3

Rationale: Minimal change to title and description, to address how course is offered.

4.6 MUSIC 3J03 A/B - Orchestration and Arranging

3 unit(s)

A study of the orchestral/band instruments; scoring of music for various ensembles.

~~Two lectures; two terms~~ Three lectures; one term

Prerequisite(s): MUSIC 2CB3 or 2CC3 A/B and 2H03, and registration in a Music program

Offered in alternate years.

Rationale: Change to single term will allow for greater student flexibility in required contact hours.

4.7 MUSIC 4Z03 - Composition

3 unit(s)

The composition of various instrumental or vocal works.

Times to be arranged between the student and instructor; one term

Prerequisite(s): Registration in Level III or IV of an Honours Music program and a grade of at least B+ in MUSIC 2CC3 A/B or MUSIC 2CB3; or permission of the instructor.

Rationale: Addition of new core course to prerequisite, which students will now be completing in lieu of 2CC3.

4.8 MUSICCOG 4MP3 - Neuroscience of Music

3 unit(s)

This seminar explores theories on how and why music evolved, and how the perception, development, performance and emotional experience of music are mediated by the brain. Primary source materials are discussed in class and experimental designs developed to address critical questions.

Lecture/seminar (three hours); one term

Prerequisite(s): MUSICCOG 2MP3 (or 2MA3) or PSYCH 2MP3 (or 2MA3) or 3H03; and registration in a Music Cognition program (B.A., B.Arts.Sc., B.Mus., B.Sc.), or PNB 2XA3 or PSYCH 2E03 and registration in an Honours program, or ISCI 2A18 A/B; or permission of the instructor. PSYCH 2E03 is recommended.

Cross-list(s): PSYCH 4MP3

This course is administered by the Department of Psychology, Neuroscience & Behaviour.

Rationale: Change to reflect course lead's description.

Rationale: Updating of all program course lists to reflect all relevant, current interdisciplinary offerings.

3.0 NEW COURSES: n/a

4.0 REVISIONS TO EXISTING COURSES:

4.1 THTRFLM 3L03 - Cinema History from WWII

3 unit(s)

An exploration of narrative film from 1941 to the present day, incorporating a study of a variety of narrative cinema styles. Theoretical issues will include questions of cinema's relationship to other art forms, narrative, genre and authorship.

Two lectures, plus one weekly film screening; one term

Prerequisite(s): One of ARTHIST 2FL3, ARTHIST 3FL3, THTRFLM 2FF3 or THTRFLM 3FF3;

Antirequisite(s): CMST 3XX3

Cross-list(s): ARTHIST 3XX3

Rationale: The prerequisite cross-listed course has previously been offered at both levels II and III. This change will reflect that students who may have taken it at either level II or III, and under either discipline, have met the prereq.

4.2 THTRFLM 4A06 A/B - Theatre and Society: A Performance Project

6 unit(s)

Students will work in small groups to create and critique public performances.

~~Two lectures and practical exercises, plus rehearsals, two terms~~ Two lectures, one lab; total of 6 hours

Prerequisite(s): Registration in Level IV of an Honours program in Theatre & Film Studies and permission of the School of the Arts; Starting in 2010, students proposing an original script must have taken THTRFLM 3SD3

Admission to THTRFLM 4A06 will be based primarily on academic standing. In addition, students must complete a written application on a form provided by the School of the Arts, which must be submitted in March of the academic year prior to registration. Final selection will be made by Theatre and Film Studies faculty.

Rationale: Change to most accurately reflect class and rehearsal timelines.

5.0 COURSE DELETIONS:

5.1 THTRFLM 3M03 - Analyzing Entertainment Culture

Rationale: This course has not been offered since 2015.

6.0 REVISIONS TO DEPARTMENTAL NOTES:

1.0 NEW PROGRAMS: n/a

2.0 REVISIONS TO EXISTING PROGRAMS: n/a

3.0 NEW COURSES:

3.1 CLASSICS 3ER3 - Epics of Rome

3 unit(s)

This course will examine the great epic poems of Vergil, Ovid and Statius, studying them in the political and cultural context of contemporary Rome and against the background of the tradition of epic poetry.

Three hours; one term

Prerequisite(s): Three units from CLASSICS 1B03, 2D03, 2E03, 2Y03, 2YY3; and registration in Level II or above of any program
Offered in alternate years.

Enrolment: 60 Reserve capacities: Classics II: 20

Rationale: Our new appointment is a specialist in Latin Literature and taking over the alternating pair of Ovid (3YY3) and Satire (3Z03). Satire will be replaced with Epic.

4.0 REVISIONS TO EXISTING COURSES:

4.1 CLASSICS 2E03 - The Ancient World in Film

3 unit(s)

The emphasis is on myth (Amazons, Hercules) and history (slave revolts, banquets, decadent emperors), studied via Greek and Latin accounts (in translation) and cinematic versions (e.g. Electra, Medea, Mighty Aphrodite, Apocalypse Now, Spartacus, I Claudius).

RESOLUTIONS OF THE SENATE AND UNDERGRADUATE COUNCIL

APPROVAL OF SUBMISSIONS

"curriculum submissions from Faculties must have been subjected both at the department and the Faculty levels, to an analysis of the number of courses offered in each department in relation to faculty size and student enrolment, of the total addition or subtraction of units, and of courses being alternated." *(Senate: April 1975)*

COURSE CAPS AND CATEGORIES

At the January 25, 2011 Undergraduate Council meeting, the Curriculum and Admissions Committee reported they had successfully introduced the use of a submissions template. Submissions will include course capacities and categories for information purposes only while corrections to minor grammatical and spelling errors will not be included. Revisions to course titles, prerequisites and anti-requisites will continue to be reported to the Curriculum and Admissions Committee. *(Undergraduate Council Curriculum & Admissions Committee: January 2011)*

COURSE DESCRIPTIONS

"that detailed course descriptions normally should not exceed 25 words." *(Undergraduate Council: Nov. 1975)*

COURSE TITLES - "TOPIC"

"The Committee discussed the use of the word 'topic' in course titles and it was agreed that all Faculties and Programs would review their curriculum and consider removing 'topic' from course titles if it is not necessary that it be there." *(Undergraduate Council Curriculum & Admissions Committee: December 2010)*

DEAN'S PERMISSION COURSES

"that all Faculties, the Director of the Arts & Science Program and the Director of the Indigenous Studies Program be required to submit, for information, to the April meeting of Undergraduate Council, a list of the Dean's Permission courses for that academic year, with a one line explanation of why the course was offered on Dean's Permission." *(Undergraduate Council: December 2008)*

"all undergraduate courses must be approved by Undergraduate Council before they can be offered in the Undergraduate Calendar. However, there are situations when there is a need to offer a course outside of the curriculum approval process and that Dean's Permission is meant for these exceptions. Dean's Permission is intended to address the need for courses when a Faculty is unable to follow the normal curriculum approval schedule." "Dean's Permission should not be used to pilot new courses. New courses should go through the regular curriculum approval process and if the Faculty decides that the course should not be offered again then the course can be deleted during the next curriculum cycle." *(Undergraduate Council: November 2011)*

LIMITED ENROLMENT

"all limited enrolment courses must be so identified in the Calendar." *(Senate: April 1975)*

MANAGEMENT OF IN-CALENDAR COURSES NOT OFFERED FOR THREE YEARS OR MORE

Members discussed the management of in-calendar courses not offered for three years or more. Each year the Registrar's Office will send all Faculties a list of the courses that have not been offered for three years or more and notice that if the courses are not offered in the next session they will be removed from the *Undergraduate Calendar* unless the Faculty provides the Curriculum and Admissions Committee with a justification for keeping the course in the Calendar. It was clarified that the courses are

identified in the third year not offered and will be removed in the fourth year.

(Undergraduate Council: January 2011)

ONE TERM/TWO TERM COURSES

"that the duration of the single-term courses be recorded as 'one term' and full-year courses as 'two terms'".

(Undergraduate Council: March 1979)

SESSIONAL DATES

It was "proposed to eliminate any existing rules regarding the *last day for cancelling courses without failure by default* date. The Office of the Registrar will incorporate the revised timing of the *last day for cancelling courses without failure by default* into the standards of practice for determining Sessional Dates."

(Undergraduate Council: December 2009)

"Family Day was discussed and it was suggested the mid-term break always take place during the week that includes Family Day."

(Undergraduate Council: December 2007)

Fall Recess

Two-year trial period:

"The proposal achieves the two Fall Break days by delaying the final exam dates by two days. It was clarified that the original sessional dates had an extra day built into the exam schedule and that the Fall Break will take away that extra day, so it appears as if the final exams are only delayed by one day. The Registrar noted that the Fall Break will only be possible for the next two academic years, 2013-2014 and 2014-2015, after which the proposed Fall Break model will not work so the investigation of a long term solution must begin immediately if the Fall Break is to become a permanent fixture in the academic year. Over the next two academic years the Office of the Associate Vice-President (Faculty) will gather evidence to present to Undergraduate Council to determine if there is some benefit from the Fall Break.

(Undergraduate Council: January 2013)

"that the Senate approve the establishment of a Fall Recess, to consist of a Thursday, Friday and Saturday, for a two-year trial period starting in 2013-14"

(Senate: February 2013)

*These are resolutions of the Senate and Undergraduate Council as of October 2013.

REPORT TO UNDERGRADUATE COUNCIL
from the
EXECUTIVE COMMITTEE

INFORMATION

1. **Undergraduate Council Membership and Committee Assignments for 2023-2024**

At its March 28, 2023 meeting, the Undergraduate Council Executive Committee approved the 2023-2024 committee and committee chair assignments and authorized the Chair of Undergraduate Council to make additional appointments as necessary to further complete the Undergraduate Council committee memberships for 2023-2024.

Since that time a resignation from the committee occurred, and so an electronic vote was held between September 7th and 11th, during which the Executive Committee approved the revised slate of committee chairs for 2023-2024. Details are contained within the circulated report.

Program Overview	This workshop aims to equip participants with a toolkit to effectively involve parents in Cognitive Behavioral Therapy (CBT) for anxiety in children and overcome challenges parents may encounter during their child’s CBT treatment. The workshop will explore the crucial role of parents in the CBT process and how to apply CBT skills outside of therapy sessions to better integrate coping mechanisms into daily life. This workshop is designed to empower participants with the knowledge and skills necessary to problem-solve strategies to engage parents in the therapeutic

	process and enhance positive outcomes for parents with a child struggling with anxiety.	
Learning Objectives	<ol style="list-style-type: none"> 1. Understand the significance of parental engagement in the CBT process for managing childhood anxiety and how it contributes to sustainable positive outcomes for both the parent and child. 2. Develop skills to facilitate open communication and collaboration among parents, therapists, and children, fostering a united effort toward overcoming anxiety. 3. Acquire techniques to empower parents in guiding their children through applying CBT skills in real-life situations, promoting continuous practice beyond therapy. 4. Identify common obstacles parents face during CBT and master strategies to address these challenges, ensuring a smoother therapeutic journey for both parents and children.

Re: Closure of Business Administration Diploma with Finance Concentration
Date: September 12, 2023

Effective January 1, 2024, Continuing Education plans to close the Business Administration Diploma with Finance Concentration.

The concentration was launched in 2011. The decision to close this option is based on enrolment trends which show a steady decline over the last few years.

The program closure announcement is planned for January 2024, with Spring 2024 being the last term for new students to begin the program. Students enrolled in the Business Administration Diploma with Finance Concentration will have until the end of the Spring 2025 term to complete any outstanding courses that are part of the Finance Concentration.

MCE is committed to helping all students complete the present program should they wish to do so.

Sincerely,

A handwritten signature in cursive script that reads "Lorraine Carter".

REPORT TO UNDERGRADUATE COUNCIL
from the
CURRICULUM AND ADMISSIONS COMMITTEE

FOR APPROVAL

1. New Equitable Admission Process to be Piloted in 2023-24

At its meeting on September 12, 2023, the Undergraduate Council Curriculum & Admissions Committee approved the new Equitable Admissions Process to be piloted in 2023-24 and now recommends it to Undergraduate Council for approval. Further details are contained within the circulated materials.

It is now recommended,

that the Undergraduate Council approve, for recommendation to Senate, the proposal to pilot the Equitable Admissions Process, as circulated.

2. Addenda to Admission Procedures for Inclusion in the 2023-2024 Undergraduate Calendar

At the same meeting, the Undergraduate Council Curriculum & Admissions Committee approved addenda to admission procedures for inclusion in the 2023-2024 Undergraduate Calendar, and now recommends it to Undergraduate Council for approval. Further details are contained within the circulated materials.

It is now recommended,

that the Undergraduate Council approve, for recommendation to Senate, revisions to admission procedures for inclusion in the 2023-24 Undergraduate Calendar, as circulated.

Proposal to Pilot an Equitable Admissions Process for the Arts & Science Program

Submitted by Dr. Beth Marquis, Director (Arts & Science)

September 2023

Background/Purpose

As a limited enrolment, by-selection program, the Arts & Science Program is able to offer students meaningful, small-group learning opportunities and to support the development of a rich community of learning wherein students, faculty, and staff know one another and work closely together. Nevertheless, the Program's small size also raises important questions about its accessibility—questions with which we have long grappled. In *Combining Two Cultures* (Jenkins, Ferrier, & Ross, 2004)—a book that outlines the creation and early history of Arts & Science—for instance, former Program Directors discuss how vital the program's size is to its success, while also noting the importance of ongoing attention to access and pointing out that students from some groups appear to be underrepresented in the program despite its broad diversity. Several steps have been taken over the years to continue to navigate this challenge, including a process (no longer in place) through which a small number of seats in the program were reserved for Indigenous students, and review of supplementary application questions and procedures. Nonetheless, continuing to diversify our applicant pool remains a priority, and was identified as such in a piece co-authored by the current and most recent Program Directors (Marquis & Wilson, 2022).

This document thus outlines a proposed minor revision to our admissions procedures, which we hope to pilot for the 2024 admissions cycle as one piece of our efforts to further diversify our applicant pool and ensure that our admissions processes are as equitable as possible. This pilot process will be supplemented by additional recruitment efforts focused not simply on attracting applicants (we continue to have strong application numbers), but specifically on ensuring that a wider variety of applicants who would be interested in and qualified for the Program know about it and what it entails, and see it as a potential academic home. A new limited-term staff role has been created to help with this latter task, in part by developing new, equity-conscious recruitment strategies. This proposed addition to our admissions processes will also complement ongoing efforts to further equity and justice across the Program and its curriculum.

We are indebted, in this work, to the efforts of former Arts & Science Directors and to those of others on campus who have established (and are continuing to establish) equity-conscious admissions strategies. The Bachelor of Health Sciences (Honours) Program's Equitable Admission for Black Applicants (EABA) process was a touchstone for us in developing our plans, for example, as were other established processes such as the Faculty of Health Sciences' Facilitated Indigenous Application Stream, and the School of Social Work's Indigenous Admissions Process. Ultimately, however, we are proposing a slightly different process that we hope responds specifically to the unique features of our program and complements the growing number of important equity-conscious admissions strategies being rolled out on campus. The process outlined below was developed in consultation with Arts & Science faculty (with particular input from Dr. Clare Warner), staff, and students, as well as a small number of alumni, via a range of discussions held in 2022 and 2023. We're also exceedingly grateful for helpful feedback (or forthcoming feedback) and input (on this proposed process and related matters) and/or encouragement from Dr. Kim Dej, Carla Hodal, Celeste Licorish, Dr. Dawn Martin-Hill, Melissa Pool, Dr. Stacey Ritz, and Dr. Barrington Walker. As noted below, we're currently in the process of establishing meetings this Fall with Dr. Walker and with the Indigenous Education Council Academic Sub-Committee, and look forward to continuing to iterate and enhance our processes in collaboration with these and other partners. In the meantime, we're exceedingly grateful for the encouragement we've received to proceed with our initial

plans, with full knowledge that these will likely need continued refinement but might constitute helpful first steps in the interim.

The Proposed Process

The Arts & Science Equitable Admissions Process would invite students who identify as members of one or more equity-denied groups (i.e., groups who experience systemic barriers and injustices based on factors such as race, ethnicity, Indigeneity, sexuality, gender identity or expression, income/socioeconomic status, disability, religious identification, caste, or refugee status) to *optionally* self-identify and choose to be considered via this process. We will provide text in the instructions for our required supplementary application (which ALL applicants must complete) that explains the rationale for the process and invites students who identify as a member of one or more equity-denied groups to submit demographic information (via a separate survey in Slate) IF they would like their application to be assessed according to the Equitable Admissions procedures.

The admissions decision processes will subsequently proceed as follows:

1. ALL applicants will be assessed according to the usual procedures (i.e., grade point averages will be calculated by admissions staff and collated; supplementary applications will be assessed by a team of multiple trained readers and a combined supp app score will be calculated. Note: all student supp app readers currently take part in an orientation session that includes attention to equity in the review process. Faculty/Instructor readers receive instructions that likewise attend to equity, and we are considering adding an orientation session for faculty readers similar to those attended by student readers. To our knowledge, student and faculty supp app readers already often include individuals who identify as members of equity denied groups, and we will endeavour to ensure that this remains the case, and/or that readers include a *greater* proportion of equity-denied students and faculty going forward wherever possible.
2. The majority of offers to the program (~85%) will be made as usual, based on admissible applicants' grade point averages and supplementary application scores. Quite likely, many folks who choose to self-identify and participate in the Equitable Admissions Process option will receive an offer via this typical process (i.e., they wouldn't ultimately be evaluated under the Equitable Admissions Process, as they would receive an offer regardless).
3. For the final ~15% of the offers, for which there are usually many applicants with similar academic records and supplementary application scores, preference will be given to applicants who have self-identified as members of equity-denied groups *and* opted into the Equitable Admissions Process. That is, among the next set of admissible applicants, spaces in the program would preferentially be offered to applicants who have experienced systemic barriers. Among applicants who self-identify as 'racialized,' we will afford particular consideration to those who identify as Black or Latinx, given that McMaster's Access Strategy identifies these groups (based on existing evidence) as particularly subject to barriers to accessing postsecondary education.

The hope is that this process will both recognize (and attempt to account to some degree for) systemic barriers and inequities. As noted above, the combined grades and supplementary application scores of many applicants are often quite similar, and we receive applications from many more admissible students than we are able to accept. This proposed process aims to recognize that, for students experiencing barriers, it may in fact be more difficult to receive those comparable grades and scores (e.g., if someone has to work extensive hours and/or has to navigate various forms of exclusion, achieving the high grades necessary to receive an offer may be more difficult and thus comparable scores are all the more impressive). We're also hopeful this process will avoid some of the pitfalls of a quota system (in that we're not 'reserving' a set number of seats for students from particular groups, but

rather factoring inequity explicitly into the decision-making process for cases right around the offer cut off). This process is also intended to avoid asking students from equity-denied groups to do substantial additional work for their applications (e.g., asking them to answer a question about barriers/challenges they've experienced) and to prevent a situation in which applicants might feel like they *need* to share difficult experiences in order to increase their likelihood of admission. Most centrally, we hope that this process will help to further enhance the community of learning in the program by providing another mechanism to work intentionally toward increasing the diversity of our student group.

Eligibility / Self-Identification

As with other processes of this nature, an important – and especially complex – question for our pilot concerns which applicants are eligible to opt into the Equitable Admissions Process, and, relatedly, how eligibility will be determined and communicated. We recognize that there are many groups who experience systemic injustices and many terms to describe these groups, and that identities are complex, multiple, and overlapping in ways that we will not be able to predict or control for. We also do not want to create an unwelcoming and possibly unjust process wherein applicants feel the barriers they might experience are being judged as 'sufficient' or 'insufficient', or that they're being asked from the outset to 'prove' themselves. As such, like some other equitable admissions processes on campus, we will rely on applicant self-identification to determine eligibility for our pilot process. Applicants will be informed that they can opt in to the process if they identify as a member of one or more groups that experience systemic barriers or inequities based on factors such as race, ethnicity, Indigeneity, sexuality, gender identity or expression, income/socioeconomic status, caste, disability, religious identification, or refugee status; we will also note that this list is not meant to be exhaustive. Anyone who chooses to be considered through this process will complete a separate demographic form that includes the following question:

Applicants are eligible to be considered under the Arts & Science Equitable Admissions Process if they identify as a member of one or more groups that have experienced systemic barriers and inequities related to factors such as race, ethnicity, Indigeneity, sexuality, gender identity or expression, income/socioeconomic status, caste, disability, religious identification, or refugee status (this is not an exhaustive list). Via this process, a small percentage of admission offers will be preferentially made to applicants who have met the admission requirements, have comparable academic records and supplementary application scores to other applicants, and identify as members of one or more equity-denied groups. Among applicants who self-identify as 'racialized,' we will give particular consideration to those who are Black or Latinx, given that McMaster's Access Strategy identifies these groups (based on existing evidence) as particularly subject to barriers to accessing postsecondary education. If you wish to participate in the Equitable Admissions Process, please indicate the relevant groups with which you identify (select all that apply and that you are interested in noting):

- Black people
- Latinx people
- Other non-white racialized people (please specify your racial identity):
- Indigenous people (please specify the Indigenous nation(s) or group(s) to which you belong):
- 2SLGBTQ+ people
- Low-income people
- Caste-oppressed people
- Disabled people
- Religious minorities or people experiencing religious discrimination
- Refugees
- Other (please specify):

While we hope this process offers one way of navigating some of the complexities mentioned above, we recognize that it is imperfect. In particular, we understand that self-identification can be a fraught, inexact, and potentially contentious process, and that there are important concerns (e.g., among Indigenous communities) about false or disingenuous identity claims that need to be taken into account. If any applicant is found to be misrepresenting themselves or making a false claim to take advantage of the Equitable Admissions Processes, procedures set out in existing academic dishonesty policies will be applied.

We also look forward to reviewing the forthcoming guidelines about Indigenous self-identification and updating our processes in future as necessary, as well as to continuing to consult with relevant partners (including the Indigenous Education Council and the Office of Equity and Inclusion) this Fall. Any further modifications to our proposed process that might prove immediately necessary following those consultations will be brought forward for the November curriculum and admissions meetings. We will also monitor and review the process following this application cycle, and make further adjustments (to be brought forward in future) as we see how it plays out in practice.

Proposed Timeline for Next Steps

- **September 2023:** Submit proposal to UGC Curriculum and Admissions Committee for consideration via necessary governance processes.
- **14 September 2023:** Meeting with Dr. Barrington Walker.
- **Fall 2023 (to be scheduled):** Meeting with Indigenous Education Council Academic Sub-Committee.
- **October 2023:** Build and test (but do not yet activate/advertise) the Equitable Admissions Process demographic form in Slate.
- **8 November:** Senate approval anticipated. Advertise process on website and through other channels as appropriate.
- **15 November 2023:** Submit any essential revisions for 2024 admissions cycle to UGC Curriculum and Admissions Committee for consideration via necessary governance processes. Update Arts & Science website with proposed changes as needed (noting these as pending Senate approval)
- **13 December 2023:** Senate approval of any changes submitted in November anticipated.
- **Late December 2023:** Final process confirmed on website and supplementary application submission system opened. (If no essential changes are proposed in November 2023, the supp app submission tool may be opened earlier.)
- **15 January 2024:** OUAC Application Deadline.
- **1 February 2024:** Supplementary Application Deadline (for all applicants).
- **March-April 2024:** Supplementary Application review and scoring (for all applicants).
- **May 2024:** Final admissions decisions sent.
- **Spring/Summer 2024:** Assessment of the pilot and planning for further revision as necessary.

Addendum to the Curriculum Report of 2023-24**

School of Social Work

2.1 and 2.3 Justification

We would like to implement some much-needed changes to our admission process, for applicants applying for admission in September 2024. We will be discontinuing the use of the Social Work Admission Test (SWAT) and introducing a Personal Statement. In addition, we wish to introduce a requirement for volunteer/work/placement experience.

The change to a Personal Statement from the Social Work Admission Test is already captured in the current calendar statement:

To be considered for admission, students must normally have a minimum average of 6.0 on the most recent 30 units (five full credits) of university-level courses completed and evidence of personal suitability which may be evaluated by one or a combination of written statements, tests or interviews.

The volunteer/work/placement experience requirement is new and requires approval at all levels.

We are one of the only Social Work programs in the area that does not currently have a requirement of human service/social change work or volunteer experience. Examples of BSW programs at other universities that require volunteer experience include but are not limited to:

[Toronto Metropolitan University](#)
[University of Waterloo, Renison](#)
[York University](#)
[Dalhousie University](#)
[Carleton University](#)

Over the last couple of years, our field team has experienced increased difficulty finding field placements for students who may not have ever worked or volunteered anywhere. Lack of experience can lead to students being ill equipped to begin their placements and can lead to strain on both the agency and student. Furthermore, increased competition for field placement opportunities across area BSW and MSW programs means that we need our students to continue to be as prepared as possible and highly regarded by the community organizations who take on placement students.

Applicants to Level 2 of our Social Work programs will be asked to submit details regarding their previous volunteer and/or work experience in social/human services. As well, applicants will be asked to submit two references from a combination of their volunteer, social/human services work, and/or placement experience. Note – if a student has completed all hours within one organization, it will be acceptable to submit two references from the same organization.

We will require a total of 100 hours of volunteer/work/placement experience. To provide flexibility as we roll out this change in this first year, we will require 50 hours to be completed by April 2024 and any remaining hours to be completed the term before the student starts the first placement: SOCWORK 3DD6*. We will not grade this experience but rather ask for it to be documented and references provided.

We will welcome a wide variety of experience: work, placement, or volunteer experience in human services/social change. We will welcome volunteer experience with one's own faith-based or cultural community.

For students who completed their secondary schooling in Ontario, the required hours required will be in addition to an applicant's high school volunteer hours requirement, unless the high school volunteer hours were in human services/social change.

The School of Social Work will provide applicants with an "FAQ" document with guidance on applicable experiences and applicants will be able to reach out to the School of Social Work with questions.

**Students who are admitted in September 2024 could start their first placement (SOCWORK 3DD6) in May 2025 (Summer block) OR September 2025 (Concurrent).*

Background Information Collected – As requested by the Associate Dean's Office

1. *Information learned about current students in SOCWORK 3DD6 summer block placement and SOCWORK 3DD6 concurrent placement, based on information from resumes submitted for placement applications:*

- SOCWORK 3DD6 summer block placement students – approximately 4/36 post-degree and HBSW students would have been lacking the required experience upon admission to the BSW.
- SOCWORK 3DD6 Concurrent students – approximately 13/36 post-degree and HBSW students would have been lacking the 100 hours of required experience upon admission to the BSW.

2. *Results from surveying incoming BSW students re: volunteer/placement/work experience:*

- 75% of incoming BSW post-degree students responded:
 - 86.7% reported having at least 100 hours of experience.
- 64% of incoming Honours BSW students responded:
 - 63% reported having at least 100 hours of experience:
- Reasons given by those who didn't have experience:
 - Not enough time (10)
 - Not enough opportunities (1)

- Other interests (2)
- In progress (1)*
- Working in the field (1)*
- Stay at home mom (1)

**These respondents may actually have the experience we would be asking for.*

1.1

2.0 REVISIONS TO EXISTING PROGRAMS:

2.1 Bachelor of Social Work (B.S.W.)

Admission

Enrolment in this program is limited. Eligibility is dependent upon completion of an undergraduate degree from a recognized university, including a total of six units of introductory Social Work or introductory Sociology and six additional units of introductory level courses from the Course List below (or equivalent) Students who are interested in the B.S.W. (post degree) are strongly encouraged to take both SOCWORK 1AA3 and SOCWORK 1BB3 during their first degree. Students are also encouraged to take INDIGST 1A03 - Introduction to Indigenous Studies, in their first degree, as completion of this course will be required for completion of the B.S.W. To be considered for admission, students must normally have a minimum average of 6.0 on the most recent 30 units (five full credits) of university-level courses completed and evidence of personal suitability which may be evaluated by one or a combination of written statements, tests or interviews.

New for Fall 2024 entry:

Volunteer/work experience including references (mandatory, not scored) - Applicants will be asked to submit details regarding previous volunteer, placement and/or work experience in social/human services. As well, applicants will be asked to submit two references from a combination of their volunteer, social/human services work, and/or placement experience. Note – if a student has completed all hours within one organization, it is acceptable to submit two references from the same organization.

We will require 100 hours of volunteer/work/placement experience. Admission Notes

1. Students who have successfully completed the two-year College of Applied Arts and Technology Social Services Diploma with a minimum Grade Point Average of 3.0 on a 4.0 scale (75%) are considered to have completed the equivalent of SOCWORK 1AA3 and SOCWORK 1BB3. Students who have successfully completed this diploma **with a cumulative average of 3.4 – 4.0 (85%-100%)** are not required to complete six additional units of introductory level courses from the Course List above to be eligible for admission.
2. An applicant is required to complete the prerequisite undergraduate degree work by April of the year in which application is made.
3. Indigenous students (includes First Nations, Métis & Inuit) may select an alternate application process. Those who wish to do so should consult the School of Social Work for details.
4. **Enrolment in the B.S.W. program is limited.** Students who intend to apply to the B.S.W. program must follow the application instructions as found on the School of Social Work website: <http://www.socialwork.mcmaster.ca>. Applicants **must also apply** to the University.
5. **All applications** for admission to the School of Social Work are considered annually and must be made **directly to the School well before the deadline(s) noted below.**
6. Applications that are submitted after the February 1 deadline will not be considered. Questions or concerns may be directed to the School of Social Work.
7. Offers of acceptance cannot be deferred; students must complete a required social work course in the year of admission.

Mandatory Applications

Individuals interested in the B.S.W. program must complete **two** application forms as follows:

General Application

1. If you have graduated from a **University other than McMaster**, you must complete the mandatory Ontario University Application Centre (OUAC) 105 form on-line application form (with payment). Visit the OUAC website to confirm the January deadline date each year. If you are a McMaster graduate, complete the *McMaster Returning Student Application*.

Supplementary Application

1. All applicants must complete the mandatory *School of Social Work Supplementary Application* by February 1 in the year of application.

Program Notes

1. **Course Groupings:** There are two groups of courses in the Social Work program:
 - o **Foundation of Social Work.** This category includes core courses which are required by social work students, most of which are available to social work students only. Exceptions to this include SOCWORK 2BB3 and SOCWORK 2CC3 which have a limited number of seats for undergraduates in a Labour Studies program and SOCWORK 4J03 which has a limited number of seats for undergraduates in a Labour Studies program and undergraduates in Level III or above of a non-Social Work/Labour Studies program who have completed SOCWORK 1AA3 or SOCWORK 1BB3.
 - o **Social and Political Context of Social Work.** Social Work students must take 3-9 units from the Social and Political Context of Social Work group of courses, depending on if INDIGST 1A03 – Introduction to Indigenous Studies, and Social Research methods were completed in the first degree. All Social and Political Context of Social Work courses except SOCWORK 4SA3 are available for credit by undergraduates in the Labour Studies program and as elective credit for undergraduates in Level III or above of a non-Social Work/Labour Studies program who have completed SOCWORK 1AA3 or SOCWORK 1BB3. Registration in SOCWORK 4SA3 is restricted to Social Work students who have received permission of the School of Social Work. All Social and Political Context of Social Work courses have limited enrolment.

Foundation of Social Work

- SOCWORK 2A06 A/B – Theory, Process and Communication Skills for Social Work
- SOCWORK 2BB3 – Anti-Oppressive Social Work
- SOCWORK 2CC3 – Introduction to Community Practice
- SOCWORK 3D06 A/B S – General Social Work I
- SOCWORK 3DD6 A/B S – Field Practicum I
- SOCWORK 3E03 – Individual Practice Across the Lifespan
- SOCWORK 3F03 – Social Work with Groups
- SOCWORK 4D06 A/B S – General Social Work II
- SOCWORK 4DD6 A/B S – Field Practicum II

- SOCWORK 4J03 – Social Change: Social Movements and Advocacy
- SOCWORK 4X03 – Social Work with Families
- SOCWORK 4ZZ3 – Social Welfare: Practice Implications and Advocacy

Social and Political Context of Social Work

- SOCWORK 3B03
- SOCWORK 3C03 – Social Aspects of Health and Illness
- SOCWORK 3I03 – Social Work and Indigenous Peoples
- SOCWORK 3L03
- SOCWORK 3O03 – Social Work and Sexualities
- SOCWORK 3S03 – Social Work, Disability and Dis/Ableism
- SOCWORK 3T03 – Poverty and Homelessness
- SOCWORK 4C03 – Critical Perspectives on Race, Racialization, Racism and Colonialism in Canadian Society
- SOCWORK 4G03 – Selected Topics
- SOCWORK 4I03
- SOCWORK 4QQ3 – Indigenizing Social Work Practice Approaches
- SOCWORK 4R03 – Feminist Approaches to Social Work and Social Justice
- SOCWORK 4SA3 – Critical Child Welfare: From Theory to Practice
- SOCWORK 4SB3
- SOCWORK 4TI3 – Trauma Informed Practice
- SOCWORK 4U03 – Immigration, Settlement and Social Work
- SOCWORK 4W03 – Child Welfare
- SOCWORK 4Y03 – Critical Issues in Mental Health & Addiction: Mad & Critical Disability Studies Perspectives for SW

2. **Progression Within Program:** Students must achieve a minimum grade of C+ in each of SOCWORK 2A06 A/B, 2BB3, 2CC3, 3D06 A/B S, 3E03, 3F03, 4D06 A/B S, 4J03, 4X03 and 4ZZ3, a *Pass* in their field placements SOCWORK 3DD6 A/B S and 4DD6 A/B S, and a Grade Point Average of at least 6.0. If a student fails to meet the minimum grade requirements in these required social work courses or a *Pass* designation in either field placement (SOCWORK 3DD6 A/B S and 4DD6 A/B S), the student may not proceed in the program; however, the student may make a request in writing to the Director of the School of Social Work to be allowed to repeat the course in which the minimum grade or *Pass* requirement has not been met. Such requests will be reviewed by the Director of the School of Social Work in consultation with the Chair of the Undergraduate Studies Committee and/or the Chair of the Field Education Program and the course instructor. These courses and/or placements may only be repeated when approval is given by the Director of the School of Social Work following consultation as described above. Students who subsequently fail to meet the minimum grade or *Pass* requirement after repeating the course or placement may not continue in the program.
3. Students who were admitted to this program in 2017-2018 or later must complete INDIGST 1A03 – Introduction to Indigenous Studies. If this requirement was not completed prior to admission to the B.S.W. program, students must replace three units from the Social and Political Context of Social Work courses with INDIGST 1A03.

4. Students must complete three units of Social Sciences Research Methods (e.g. SOCIOL 2Z03 or SOCPSY 2K03 or HLTHAGE 2A03, INDIGST 2M03, etc.). If this requirement was not completed prior to admission to the B.S.W. program, students must replace three units from the Social and Political Context of Social Work courses with a research methods course. A statistics course may not substitute for a research methods course.
5. **Graduation:** To qualify for the B.S.W. students must complete a total of 60 units. The B.S.W will be granted only if the student has achieved a grade of at least C+ in each of SOCWORK 2A06 A/B, 2BB3, 2CC3, 3D06 A/B S, 3E03, 3F03, 4D06 A/B S, 4J03, 4X03 and 4ZZ3, a *Pass* in SOCWORK 3DD6 A/B S and 4DD6 A/B S, and a Grade Point Average of at least 6.0.
6. Students are expected to assume the cost of travelling to and from field practice agencies and for any related expenses.
7. Students in the social work program must apply for third and fourth year field placements (SOCWORK 3DD6 A/B S and 4DD6 A/B S), and are able to provide information on areas of interest. While efforts are made to match placements with student preferences, the final assignment of placement settings is constrained by many factors, including the availability of settings and field and faculty resources. Students may therefore be required to complete a field placement in an agency that is not among their preferred options.
8. Starting in Fall 2024: BSW students are required to complete 100 hours of volunteer/work/placement experience. A minimum of 50 hours is required for admission and any outstanding hours are to be completed after admission and by the term preceding their first placement: SOCWORK 3DD6.

2.3 Honours Bachelor of Social Work (B.S.W.)

Admission

Enrolment in this program is limited. Eligibility is dependent upon completion of any Level I program including a total of six units of introductory Social Work or introductory Sociology and six additional units of introductory level courses from the Course List below (or equivalent). Students who are interested in the Honours B.S.W. are strongly encouraged to take both SOCWORK 1AA3 and SOCWORK 1BB3 in level 1. Students are also encouraged to take INDIGST 1A03: Introduction to Indigenous Studies, in level I as this course will be required for completion of the B.S.W. Admission requires, as a minimum, completion of any level I program with a grade point average of at least 6.0 and evidence of personal suitability which may be evaluated by one or a combination of written statements, tests or interviews.

New for Fall 2024 entry:

Volunteer/work experience including references (mandatory, not scored) - Applicants will be asked to submit details regarding previous volunteer, placement and/or work experience in social/human services. As well, applicants will be asked to submit two references from a combination of their volunteer, social/human services work, and/or placement experience. Note – if a student has completed all hours within one organization, it is acceptable to submit two references from the same organization.

We will require 100 hours of volunteer/work/placement experience. To provide flexibility, we will require 50 hours to be completed by April 2024 and any remaining hours to be completed after admission to the program in the term before the student starts the first placement: SOCWORK 3DD6. We will not

grade this experience but rather ask for it to be documented and references provided.

We welcome a wide variety of experience: work, placement, or volunteer experience in human services/social change. We welcome volunteer experience with one's own faith-based or cultural community.

For students who completed their secondary schooling in Ontario, the required hours required will be in addition to an applicant's high school volunteer hours requirement, unless the high school volunteer hours were in human services/social change.

TO: Undergraduate Council

FROM: Kim Dej
Vice Provost, Teaching & Learning

PREPARED BY: Kelly Snow
Assistant University Secretary

SUBJECT: Establishment of the Ad Hoc Committee on Relief for Student Absences.

Dear Members of Undergraduate Council

As many of you are aware, last year Undergraduate Council facilitated a number of revisions to the Policy on Requests for Relief for Missed Academic Term Work, which is the policy governing accommodation requests for student absences. The policy is complex and requires simplification. The recent exercise of developing and approving several urgent revisions was challenging, at both Undergraduate Council and at Senate, which highlighted the need to examine this policy more thoroughly.

As such, an ad hoc committee, governed by a majority of members from McMaster's Undergraduate Council and supported by the University Secretariat, will be tasked with continuing the review of the policy. The Committee shall consider and recommend revisions to the Senate *Policy on Relief for Missed Academic Term Work* and other policies as required to facilitate implementation.

Please find attached the proposed mandate for the committee, along with the proposed membership as circulated.

Motion:

that the Undergraduate Council approve the establishment of the Ad Hoc Committee on Relief for Student Absences, as well as the proposed committee membership, as circulated.

AD HOC COMMITTEE ON RELIEF FOR STUDENT ABSENCES

(Undergraduate Council)

TERMS OF REFERENCE

Mandate

McMaster University recognizes that students periodically require relief from academic work for medical or other personal situations. The *Policy on Relief for Missed Academic Term Work* supports the management of these requests by considering the needs and obligations of undergraduate students, instructors and administrators. While it is the responsibility of the instructor(s) of the course to provide relief, it is also their prerogative to determine what relief is appropriate for missed term work in their course.

As it currently stands, the policy is overly complex and requires simplification and clarification. The recent exercise of developing and approving several urgent revisions was challenging, and it highlighted the need to examine this policy more thoroughly. Based on the above, an ad hoc committee, governed by a majority of members from McMaster's Undergraduate Council and supported by the University Secretariat, is tasked with continuing the review of the policy. The Committee shall consider and recommend revisions to the Senate *Policy on Relief for Missed Academic Term Work* and other policies as required to facilitate implementation.

Requirements of the Committee

The Ad Hoc Committee formed will be asked to:

- ❖ Establish a list of stakeholders and solicit feedback from this group;
- ❖ Undertake an environmental scan to identify practices by other universities or colleges and consult relevant literature;
- ❖ Determine the requirements for an electronic tool that will be used to limit the use of a Self-Report or Administrative Report to a single piece of work within a given course;
- ❖ Address any feedback received on the policy that has not been previously addressed;
- ❖ Recommend the appropriate number of Administrative Reports submitted by a student each term;
- ❖ Recommend a process for receiving Administrative Reports by the academic advisors and guidelines for how to determine whether an appointment is required to process the request;
- ❖ Incorporate a standard for group work;
- ❖ Recommend revisions to the current policy; and
- ❖ Identify any future considerations that are considered out of scope.
- ❖ Explore the role of universal design and learning in addressing missed work

Proposed Membership Structure

- ❖ Vice-Provost, Teaching & Learning, Chair
- ❖ Two Associate Deans

- ❖ Two Members Appointed by Undergraduate Council
- ❖ Two Undergraduate Student Members Appointed by Undergraduate Council
- ❖ University Registrar or designate

Consultants

- ❖ Assistant Deans of the Faculties (two)
- ❖ Technical Consultants (University Technology Services; MacPherson Institute) for Avenue to Learn or Mosaic
- ❖ University Secretary or designate (non-voting, consultant)
- ❖ Policy Advisor and Projects Officer (non-voting, consultant)

The Committee has the authority to appoint consultants when required.
