University Secretary

RE: Primer on the McMaster University Senate

Introduction:
McMaster operates under a bicameral system of university governance, which essentially means that there are two governing bodies, the Board of Governors and the Senate. The McMaster University Act, 1976 is an Act of the Ontario Legislature. It incorporates McMaster University, creates its two governing bodies, sets out their compositions and assigns to them their duties and legal responsibilities. Essentially Senate is responsible for overseeing the academic functioning of the University with the Board overseeing the non-academic functions and operations. When operating within their respective jurisdictions, each governing body is the final authority within the University. There is some overlap since academic and resource matters are not always easily separated. Coordination, cooperation and understanding between the two governing bodies is essential for the smooth operation of the University.

The Board of Governors is vested with “the government, conduct, management and control of the University and of its property, revenues, business and affairs”. In essence, the Board oversees the non-academic functions and operations of the University, e.g., finances, capital spending, audit, risk management and legal compliance, health and safety matters, remunerations (except MUFA member remunerations), advancement and fundraising, etc. The Board has delegated the management of day-to-day operations of the institution to the President and leadership team, who are also responsible for delivering the University’s strategic goals. The Board is composed of thirty-seven members, approximately 60% of whom are external to the University. The external Board members bring specific expertise in key areas of the Board’s oversight responsibilities, including financial, legal, risk management, human resources, and fundraising experience. The composition of the Board and its legal responsibilities are set out in sections 8 and 9 of the University Act.

The McMaster University Act, the Board By-Laws and the Senate By-Laws can be found under the Home tab of the University Secretariat website.
Powers of Senate:
The University Senate has ultimate responsibility for determining academic policy, which includes new academic programs, changes in curriculum, standards for admission to the University, academic regulations, the criteria and procedures for granting tenure and promotion to faculty members and so on. The specific powers of the Senate are described in Section 13 of the University Act:

- Appoint the Chancellor;
- Nominate, for appointment by the Board, a person for the position of President;
- Nominate for appointment by the Board, one or more Vice-Presidents, the Deans, the University Librarian, the University Registrar, and the members of the teaching staff of the University, excluding a person to be appointed for a stated period of time;
- Nominate for promotion by the Board, the members of the teaching staff of the University;
- Recommend to the Board the suspension or removal of a member of the teaching staff of the University;
- Control and regulate the system of education pursued in the University and the conduct, activities, and discipline, including suspension or expulsion, of the students thereof;
- Determine all courses of study, including standards for admission into the University and qualifications for degrees, diplomas and certificates;
- Conduct examinations and appoint examiners;
- Deal with matters arising in connection with the award of fellowships, scholarships, medals, prizes and other awards;
- Authorize the Chancellor and the Vice-Chancellor to confer the degrees of bachelor, master and doctor, including degrees in theology, and to award diplomas and certificates;
- Recommend to the Board the establishment or termination of any faculty, school, institute or department and the terms on which any institution of higher learning may become part of or be affiliated with the University;
- Appoint an executive committee and such other committees as it may deem advisable and delegate to any such committee any of its powers;
- Make by-laws and regulations for the conduct of its affairs; and
- Make recommendations to the Board on any subject of concern to the University.

Composition of Senate:
The composition of Senate is described in Section 12 of the University Act. Senate consists of:

- Ex officio members, including the Chancellor, the President, the Vice-Presidents, the Deans, the Principal of McMaster Divinity College and the Chair of Undergraduate Council;
- 3 members appointed by and from the Board;
- 4 members appointed by the Alumni Association;
• 12 student members, one graduate and one undergraduate from each of the six Faculties; and
• 31 faculty members, elected by the Faculties and Divinity College.

The composition of Senate, which includes deep expertise in academic matters from a range of perspectives (faculty, students, alumni), reflects the focus of Senate on the academic functioning of the University. This engagement of colleagues from across the institution in decision-making processes is a core part of the University’s collegial governance system. In addition to the members listed above, the Senate By-Laws extend Observer status to a number of academic administrators and the Presidents of the faculty and various student associations. Observers do not vote or present motions and normally do not participate in debate but their attendance keeps them engaged and updated on matters before the Senate. The Chair may occasionally recognise an Observer who wishes to make a comment or who has particular knowledge of the material being considered.

Open and Closed Sessions:
Much of the Senate’s business is conducted in Open Session and that part of each Senate meeting may be attended by any member of the University or the wider community. While open to the public, Senate meetings do not operate like a town hall meeting since it is Senators, as the elected representatives of the University community, who principally participate in the discussion of agenda items. Many agenda items require review and approval in a timely manner to ensure the smooth academic functioning of the institution. The Secretariat works to ensure that agenda items are brought forward at the appropriate time to support the academic mission and proper functioning of the University. Matters discussed in Open Session are not confidential and the record of Senate’s Open Session proceedings is available to the general public.

The University Act provides for certain matters to be dealt with in Closed Session, i.e., “matters confidential to the University” or “matters of a personal nature concerning an individual.” Only Senators and Observers are typically entitled to attend the Closed Session portion of Senate meetings. Items discussed in the Closed Session portion of the Senate meetings are confidential and are not to be divulged to anyone not entitled to be present. This rule applies also to the meetings of Senate committees and boards (Senate By-law 94.a).

Confidentiality:
The University is also governed by Ontario’s Freedom of Information and Protection of Privacy Act (RSO 1990) (FIPPA). Despite the provisions of this Act, the substance of Closed Session discussions are normally exempt from disclosure. This Act does, however, impose on the University an even greater level of accountability with respect to the protection of confidential information about individuals.
Senate members and observers are urged to treat Closed Session discussions and materials with the necessary confidentiality, not only to protect the individuals whose names may be mentioned, but also to provide an atmosphere in which Senators and committee members may engage in frank debate on what are sometimes very sensitive issues. In this way, the dignity and authority of the Senate will not be undermined and the decisions made will more likely be based on a full and candid discussion.

**Senate Meetings and Raising Questions:**
Senate meeting agendas are designed to facilitate the work of Senate. There are usually ten meetings per year and agenda items can include:

- a verbal report from the President
- recommendations to approve academic appointments, faculty member hires or tenure/promotion for recommendation to the Board
- recommendations to approve program and/or curriculum changes
- recommendations to approve honorary degree recipients
- receiving annual reports, e.g., Research Centres & Institutes, IQAP, enrolment, Academic Integrity Annual Report, etc.
- recommendations to approve policies related to the mandate of Senate
- recommendations to approve Senate and Faculty By-Laws

Meeting materials are provided one week in advance of Senate meetings and Senators are expected to review the materials prior to the meeting. Agenda items have usually been discussed in detail and approved by a committee or council first, as outlined below, and are then presented to Senate as a recommendation for approval or for information. Senators are encouraged to ask questions, and Senators with substantive questions/concerns or suggested amendments are requested to contact the relevant committee chair or the Secretariat in advance of the meeting to discuss and provide an opportunity for full consideration of their concerns.

**Standing Committees and Councils of Senate:**
The Senate has a number of standing committees and councils where many of the matters that come to Senate for approval are discussed in detail first. These bodies review the items they receive and may make adjustments and revisions. Once approved by the relevant committee or council, a recommendation will be made to Senate for approval. This recommendation will be presented at the Senate meeting by the Chair of the relevant committee or council. Some committees will report to the Senate regularly, and others only occasionally, based on the type of work they do. The majority of items on the Senate agenda are presented by Undergraduate Council (UGC), Graduate Council, University Planning Committee (UPC) and the Committee on Appointments (SCA). This committee-based process ensures the thorough scrutiny and
discussion of items for approval and should give Senators confidence that matters have been discussed and considered in detail before being presented to the Senate. The terms of reference and the composition of these bodies are described in the Senate By-Laws.

**Standing Committees of Senate:**

The **Executive Committee** is authorized to act on behalf of the Senate between meetings and to deal with any matters referred to it by the President, the Senate, the Faculties or Councils, or other Senate committees. The Executive also serves as the Senate’s nominating committee, making recommendations for memberships of standing committees and boards.

One of the most active of the Senate Committees is the **Committee on Appointments**. It is responsible for tenure policy, promotion policy, research leave policy, and policies and procedures related to academic appointments. It also reviews the tenure and promotion cases of all faculty members and makes the recommendation to the Senate on whether tenure or promotion should be granted. This Committee nominates the memberships of selection committees for senior academic administrators and receives recommendations from those committees for approval and subsequent recommendation to the Senate and Board of Governors.

The **University Planning Committee (UPC)** is a joint committee of both the Board of Governors and the Senate. Many academic matters cannot be easily separated from their financial and other resource implications. With a joint Board-Senate committee, academic and resource matters can be considered together and appropriate recommendations made to either the Senate or the Board of Governors or (which is usually the case) to both. The **Budget Committee** is a subcommittee of UPC. The UPC presents the annual Consolidated Budget to the Senate every year for information and comment before it is sent to the Board of Governors for approval. The **University Student Fees Committee** is a subcommittee of UPC and recommends all revisions to tuition and supplemental fees to the Budget Committee.

The **Committee on Academic Integrity** makes recommendations to Senate on policy and procedures relating to academic integrity issues and on measures designed to reduce instances of academic dishonesty.

The **Committee on Student Affairs** is responsible for recommending to the Senate policies on non-academic aspects of student life, including University residences and student services, and on matters of student conduct and discipline.

Senate has a number of other standing committees, such as the **Committee on Honorary Degrees**, the **Committee on University Ceremonials and Insignia**, and the **Committee on By-Laws**.
The University has the responsibility to provide fair and equitable procedures for the lodging and hearing of complaints and grievances arising out of University regulations, policies and procedures that affect students, faculty and staff. To this end, the Senate has a number of appeal and grievance procedures.

The **Board for Student Appeals** is the final appeal body for students in the University. The Board for Student Appeals also has the responsibility for reviewing the Student Appeal Procedures and for recommending changes to the Senate.

The **Tenure and Promotion Appeals Nominating Committee** recommends to Senate the memberships of tribunals to hear appeals of decisions related to tenure and promotion of faculty.

The **Board-Senate Research Misconduct Hearings Panel**, the **Board-Senate Sexual Harassment/Anti-Discrimination Hearings Panel** and the **Faculty Discipline Board** provide pools of potential members from which tribunals may be appointed to hear appeals and grievances under the relevant Senate and Board policies.

**Councils of Senate:**
Two other important bodies of Senate are the **Graduate Council (GC)** and the **Undergraduate Council (UGC)**. Although they are subordinate bodies of Senate, they differ from the standing committees in that Senate has delegated to each of the Councils some major decision-making powers. A detailed breakdown of their memberships can be found in the Senate By-Laws.

The **Undergraduate Council** is responsible for “regulating matters concerning undergraduate work”. In practice, this means that it has the authority to approve curriculum changes recommended by Faculties, to approve minor changes in admission standards, to stipulate the conditions of award for all scholarships and prizes, to decide who will be awarded scholarships and prizes, and to make decisions on any other policies related to undergraduate work such as the academic regulations. The only matters that must be referred to the Senate for final decision are the establishment of new degree programs, closure of existing programs, substantial revisions in a Faculty’s admission standards, and major changes in degree requirements. UGC is chaired by the Vice-Provost, Teaching and Learning.

The **Graduate Council** is similar to UGC except that it is responsible for the regulation of matters concerning graduate work. Again, Senate has delegated to GC considerable power to make decisions in the areas of graduate curriculum and policy, admission standards, awards, scholarships and bursaries. The Vice-Provost and Dean of Graduate Studies is the Chair of Graduate Council.
This document provides a brief overview and introduction to Senate meeting processes, procedures, Committee membership and functions. Any Senator with questions, or seeking further information, should contact the University Secretariat.

RE: Business Research Chair Terms of Reference, Faculty of Business  

On behalf of the Faculty of Business, I am pleased to recommend the modification of the terms of reference for the Business Research Chair term professorship. The proposal to modify the terms of reference has been approved by Dr. Susan Tighe, Provost and Vice-President (Academic). The terms of reference have been updated to include the following changes:

- The name of the term professorship to Business Research Chair.
- The Faculty of Business will have a maximum of seven (7) holders of the research chair at this time.
- Updates to the terms of the appointment to reflect the complete scholar including an exceptional research record, excellence and/or innovation in teaching, and a history of service that has had an impact on the community, whether within or without the University.

The Business Research Chair honours internationally recognized scholars who are research focused and student centered, and is used to both retain and recruit such scholars.

A copy of the new terms of reference is attached, along with the original terms of reference with changes included for information. Please feel free to contact me should you require any additional information.

TERMS OF REFERENCE
BUSINESS RESEARCH CHAIR

General

The DeGroote School of Business honours internationally recognized scholars who are research focused and student centered. The Business Research Chair (BRC) title is used to both retain and recruit such scholars. The DeGroote School of Business will have a maximum of seven holders of this Chair.

Responsibilities of the Chair

Holders of the BRC will have a full time, tenured position in the DeGroote School of Business. In keeping with McMaster’s position as a research-intensive university of global repute, those holding the title of Business Research Chair must have demonstrated an exceptional research record that demonstrates excellence, including steady high-quality publications and external research funding, impact, and the potential for even greater further contributions to come. This Chair is at the same time meant to recognize the complete scholar. Thus, the ideal candidate will have demonstrated excellence and/or innovation in teaching and learning, including the supervision of emerging scholars along with a history of service that has had an impact on the community, whether within or without the University. BRC holders shall provide an annual report to the Faculty Dean relating to their academic achievements. These reports will be used for assessment of BRC renewals.

BRC Selection Process

The Dean of the DeGroote School of Business will appoint a Selection Committee. This Committee will consider nominations from the Dean of the Faculty of Business of suitable candidates based on their scholarly achievements. The committee, following its deliberations, will recommend BRC appointment(s) to the Dean. Thereafter, the Dean will report the appointment(s) to the Senate Committee on Appointments.

Term

The BRC appointment will be for an initial five-year period, with the understanding that renewal for a single additional term is possible following a favourable review. The incumbent will acknowledge being the holder of the BRC in all professional communications within and external to the university.

Other Considerations

The holder will receive an annual stipend of $15,000, an annual research grant of $10,000 and one course release per year.

TERMS OF REFERENCE
DISTINGUISHED BUSINESS RESEARCH PROFESSOR BUSINESS RESEARCH CHAIR

General

The DeGroote School of Business honours internationally recognized scholars who are research focused and student centered. The Business Research Chair (BRC) title is used to both retain and recruit such scholars. The DeGroote School of Business will have a maximum of five seven holders of the professorship this Chair.

Responsibilities of the Chair

Holders of the BRC will have a full time, tenured position in the DeGroote School of Business. In keeping with McMaster's position as a research-intensive university of global repute, those holding the title of Business Research Chair must have demonstrated an exceptional research record that demonstrates excellence, including steady high-quality publications and external research funding, impact, and the potential for even greater further contributions to come. This Chair is at the same time meant to recognize the complete scholar. Thus, the ideal candidate will have demonstrated excellence and/or innovation in teaching and learning, including the supervision of emerging scholars along with a history of service that has had an impact on the community, whether within or without the University. They will possess an outstanding record of scholarship. They will continue to advance learning and discovery through exceptional scholarship. They will be excellent citizens of the DeGroote School of Business, participate fully in implementing its vision and mentor new scholars by inspiring them to achieve further insight, innovation, and professional success. BRC holders shall provide an annual report to the Faculty Dean relating to their academic achievements. These reports will be used for assessment of BRC renewals.

BRC Selection Process

The Dean of the DeGroote School of Business will appoint a Nomination and Selection Committee. This Committee will consider nominations from the Dean of the Faculty of Business of suitable candidates based on their scholarly achievements and the committee, following its deliberations, will recommend BRC an appointment(s) to the Dean. Thereafter, the Dean of the DeGroote School of Business will report the appointment(s) to the Senate Committee on Appointments.

Term

The BRC appointment will be for an initial five-year period, with the understanding that renewal for a single additional term is possible following a favourable review. The incumbent will acknowledge being the holder of the BRC in all professional communications within and external to the university.

Other Considerations
The holder will receive an annual stipend of $15,000, an annual research grant of $10,000 and one course release per year.

RE: Director of the Blended Learning Part-Time MBA Program Terms of Reference, Faculty of Business

On behalf of the Faculty of Business, I am pleased to recommend the attached terms of reference for the Director of the Blended Learning Part-Time MBA Program. These terms will be effective July 1, 2023.

The Blended Learning Part-Time (BLPT) MBA Program was approved in 2018 which provides a hybrid in-class and online learning experience for students that primarily comprise working professionals. As part of the governance structure of the program, the Director of the Blended Learning Part-Time MBA Program provides leadership in planning, developing, and administering the Program. The program was under the leadership of the Director of the MBA Program, and due to the BLPT MBA program now being at steady state with three active cohorts, the load to the Director of the MBA Program was too great to manage both programs. Therefore, the decision was made to separate the directorship of this program. These terms of reference formally outline the role responsibilities, reporting and supporting staff relationships, committee responsibilities and terms and conditions of the appointment.

In developing the terms of reference I have consulted with the Dean’s Advisory Council of the Faculty of Business which consists of the faculty Associate Deans and Area Chairs, as well as with senior TMG leadership.

Please find attached the proposed terms of reference for this position. Please feel free to contact me should you require any additional information.

MEMORANDUM

Date: June 7, 2023

To: Senate Committee on Appointments

From: Heather Sheardown, Dean and Professor

SUBJECT: Revised Terms of Reference - Associate Dean, Research, Innovation, and Partnerships

A revised terms of reference for the role of Associate Dean, Research, Innovation, and Partnerships, commencing July 1, 2023, is attached for approval by the Senate Committee on Appointment. It replaces the terms of reference for the Associate Dean, Research, Innovation, and External Relations.

The Faculty of Engineering has approved this revision to the terms of reference for this senior academic leadership role to more accurately represent the work that is being done and align with the vision of the Faculty of Engineering at their meeting on June 6, 2023.

The revisions are bolded within the document and an additional responsibility was included that this “role works with the Faculty of Engineering and its partners in the identification, coordination, promotion, and implementation of research-related outreach programs and/or activities that support/promote a robust undergraduate research and innovation strategy (thinking of engagement with FIRST, EDI recruitment initiatives, UG research program, UG research co-op opportunities).”

Thank you.
## TERMS OF REFERENCE

**ROLE: ASSOCIATE DEAN RESEARCH, INNOVATION AND PARTNERSHIPS**

### FUNCTIONS:

The Associate Dean Research, Innovation and Partnerships is an important senior leadership role within the Faculty of Engineering that oversees the Faculty’s growing research and innovation portfolio.

The primary objective of this role is to provide leadership, oversight and strategic direction in the identification, coordination, promotion and implementation of major research and **partnership opportunities and initiatives** that advance the Faculty and University’s strategic goals while building reputation and increasing sponsored research revenue.

The Associate Dean Research also supports the translation of research outcomes into innovation and facilitates the adoption of innovation through appropriate means including knowledge translation, entrepreneurship and licensing.

### ACCOUNTABILITIES:

1. Responsibility for the identification, coordination, promotion and implementation of major research opportunities/initiatives for the Faculty of Engineering, as related to government-sponsored research programmes.

2. Responsibility for the identification, coordination and promotion of strategic research **partnerships** with industrial/corporate partners.

3. Works with the Office of the Vice-President, Research on initiatives related to the commercialization of research results including development of intellectual property, creation of prototypes, creation of new startups, licensing to existing companies. Holds responsibility within the Faculty for establishing a culture of innovation and fostering partnerships with those that can enhance such a culture.

4. Works with the Office of Associate Vice-President of International Affairs and holds responsibility for the Faculty's partnerships with other academic institutions, organizations and networks, **both** nationally and internationally.

5. Works in partnership with the University and Faculty Advancement offices and their partners to raise the profile of research undertaken by Engineering Faculty members within the University as well as provincially, nationally and internationally. Also, works to bring the results of research to the attention of the media as desired.

6. Participates on Dean's Council, Dean's Advisory Board, and advises on issues related to research, innovation and external partnerships.

7. Establishes a set of performance indicators to enable benchmarking of the Faculty's research performance.

8. Chairs, as requested by the Dean, review committees and other Faculty committees from time to time, as needed.

9. Will discharge such other duties as may from time to time be assigned by the Dean.

10. Works with the Faculty of Engineering and its partners in the identification, coordination, promotion and implementation of research-related outreach programs and/or activities that support/promote a robust undergraduate research and innovation strategy (thinking of engagement with FIRST, EDI recruitment initiatives, UG research program, UG research co-op opportunities).

REPORT TO SENATE
from the
GRADUATE COUNCIL

For Approval

I. Faculty of Social Sciences (attachment)

At its meeting on June 28th Graduate Council approved the addition of a co-op option to the Master of Public Policy program.

It is now recommended,

that Senate approve the revision, for inclusion in the 2023-2024 Graduate Calendar, as recommended by Graduate Council and set out in the attached.

II. Cotutelle Policy (attachment)

At the same meeting Graduate Council approved changes to the Cotutelle Policy.

It is now recommended,

that Senate approve the revisions to the policy as recommended by Graduate Council and set out in the attached.

For Information

I. Faculty of Science

At the same meeting Graduate Council approved changes to the calendar copy for the research and clinical training stream of the Psychology Ph.D. program to clarify how students enter the stream, noting that it is only available at the Ph.D. level.

II. SGS 202

At the same meeting Graduate Council approved the pilot of the course SGS 202 It Takes All of Us: Addressing gender-based and sexual violence on campus.

III. Cotutelle Working Group

At the same meeting Graduate Council approved the report of the Cotutelle Working Group. Their recommendations included the following:

1. Changes to the McMaster cotutelle policy (noted above for approval).
2. A flowchart outlining the major steps of the cotutelle agreement process
3. A revised Letter of Intent (LOI) to initiate cotutelle agreement. The LOI will be filled out by the student and supervisors from both, home and host, institutions.
4. A point of contact in the School of Graduate Studies as the coordinator of cotutelle arrangements and other international exchange activities at McMaster University. In addition, a contact person in each Faculty to assist with Faculty-specific agreements.
5. A new set of cotutelle-specific placeholder courses to track students visiting host institutions.
7. An updated website that serves as a gateway to facilitate the cotutelle agreement, and other international research/study options for graduate students at McMaster.

IV. New Award
At the same meeting Graduate Council approved the following new award:

Name of Fund: The Dr. Moyra Allen Nursing Academic Grant
Terms of Reference for Fund:
Established in 2023 by the Willson family to honor Dr. Moyra Allen, a recipient of an Honorary Doctorate from McMaster University in 1984 and the prestigious Officer of the Order of Canada in 1987 for her leadership in shaping nursing to be an innovative approach to health care that focuses on health and is responsive to the changing needs of a society and its families. To be awarded by the School of Graduate Studies, on the recommendation of the School of Nursing to graduate students enrolled in the School of Nursing who self identify as a member of an equity deserving group and who demonstrate academic and research excellence and financial need.

## Recommendation for Change in Graduate Curriculum - For Change(s)

Involving Degree Program Requirements / Procedures / Milestones

---

### Important: Please Read the Following Notes Before Completing This Form:

1. This form must be completed for all changes involving degree program requirements/procedures. All sections of this form must be completed.
2. An electronic version of this form (must be in MS Word not PDF) should be emailed to the Assistant Secretary, School of Graduate Studies (cbryce@mcmaster.ca).
3. A representative from the department is required to attend the Faculty Curriculum and Policy Committee meeting during which this recommendation for change in graduate curriculum will be discussed.

---

1
An optional, paid co-op stream for students enrolled in the MPP in Digital Society program will be offered during the spring/summer semester to students who have completed all program requirements as of the conclusion of the preceding winter term. Placements will be administered by MPP program staff. Enrolment in the co-op stream does not guarantee a co-op placement. Co-op stipends will vary based on placement.

The MPP is a professional graduate program. Co-op opportunities will provide students with an opportunity to apply the knowledge and skills they develop in the MPP program in a supported, supervised, professional setting. In many cases these co-op placements will serve as bridging opportunities to full-time employment.

May 2023

This change is tied to the creation of a new 3-unit course, PUBPOL XXX (TBC).

Co-op Stream

Students may be eligible for the co-op stream, which takes place in the spring/summer term following the successful completion of all other program requirements.

Eligibility is based on performance in the program and availability of placement options. Admission to the co-op stream does not guarantee placement. Students will compete for and apply for positions. To complete the co-op stream, students must successfully complete their work placement.

SECTION I

INTRODUCTION

1. A cotutelle is a Ph.D. jointly awarded by two post-secondary institutions, typically from different countries.

2. A cotutelle degree is intended to promote international collaboration among faculty members that allow students access to a broader range of research experience than would be available at a single institution.

REQUIREMENTS

3. The student must meet McMaster’s admission requirements.

4. The student or supervisor must initiate arrangements for the Memorandum of Agreement (MOU) normally prior to admission or within three to nine months once not later than 12 months into their Ph.D. study, and must finalize the cotutelle MOU within the first 24 months of their Ph.D. study.

5. The student is required to be registered full-time at both institutions.

6. Each institution must have a qualified supervisor for the student.

7. The student must meet the degree requirements at both institutions, as negotiated in the MOU.

8. A cotutelle Memorandum of Understanding (MOU) must be created between both institutions, if it does not already exist. The MOU will be based on the information provided in a Letter of Intent (LOI). At a minimum, the Memorandum will outline:

   a) which institution is the "Home Institution" and which is the "Host Institution";
   b) the names and titles of the supervisors;
   c) a listing of degree requirements for each institution;
   d) a timetable for residency and meeting degree requirements;
   e) a schedule for progress reports and committee meetings;
   f) intellectual property and publication details;
   g) financial/tuition/funding details;
9. The student must comply with regulations at both institutions (e.g., research ethics, etc.). The student can be processed under either university’s regulations.

10. Generally, the student spends the majority of time at the Home Institution, with a minimum of one-quarter of time (roughly 12 months) and maximum of 24 months at the Host Institution.

11. Students enrolled in a cotutelle program will pay tuition only to one institution at a time, normally to the Home Institution; additional administrative or ancillary fees may be required. The Faculty where the student is registered will determine any additional financial requirements. All tuition and fee requirements should be in the Cotutelle MOA.

12. As dictated by McMaster’s policies, there must be a formal thesis defence. The thesis defence normally will use the procedures of the Home Institution and be defended at the Home Institution with both thesis supervisors attending the defence (in person or by teleconference). The examining committee must have equal representation of voting members from both institutions (generally two professors from each institution) and must include an external examiner independent of both institutions. Both institutions must approve the selection of the external examiner(s), and the external examiner must submit a written report to both institutions before the defense date.

13. Upon successful completion of the defence, the final thesis (normally in English) will be submitted to McMaster for dissemination through the eThesis program.

14. Wording on transcripts and parchments from both institutions must specify the degree was awarded as having been completed “in cotutelle” with the other institution.
PROCEDURES

15. The steps are outlined in the cotutelle flowchart.

16. The student and supervisor will fill out the Cotutelle Letter of Intent (LOI) (Steps 1-3), which will be reviewed by the head of the graduate unit/department (Step 4) with the program coordinator in the School of Graduate Studies (SGS). The graduate program office will perform an initial assessment of the student’s admission eligibility before the graduate unit/department signs the LOI. All parties will sign the LOI once complete. This letter must be signed by the student and both supervisors.

17. The Cotutelle Letter of Intent LOI will then be reviewed and approved by the Associate Dean of Graduate Studies representing the student’s Faculty, along with the Vice-Provost and Dean of Graduate Studies (Steps 5-6). Responsible individuals from the partner institution will also review and sign the LOI.

18. The Cotutelle LOI will be forwarded to the Office of International Affairs for the creation of a Cotutelle MOU, in collaboration with the Faculty Graduate Office and the School of Graduate Studies (Steps 7-9). The Cotutelle MOU must be approved and signed by the Faculty Dean, Vice-Provost and Dean of Graduate Studies, and Vice-Provost Office of International Affairs from McMaster University, and an authorized representative of the other institution, as well as by both supervisors and the student (Step 10). Other signatories may be added as appropriate.

19. The Cotutelle MOU must be completed and signed before the student is registered as a cotutelle student at McMaster University and eligible to attend the Host Institution (Step 11).

[DATE]

• Violence in the Workplace, Policy on
TO: Senate

FROM: Dr. Maureen J. MacDonald, Dean, Faculty of Science

SUBJECT: Amendments to the Faculty of Science By-laws

On behalf of the Faculty of Science, I propose amendments to the Faculty’s By-laws as detailed in the attachments and summarized below. After consultations with various stakeholders, the amendments were approved by Faculty Council on May 11, 2023 and General Faculty of the Faculty of Science on May 25, 2023. A tracked version of the By-laws showing the proposed amendments and a “clean” version with the amendments incorporated are attached.

The proposed By-laws include the following changes:

1. Housekeeping items for clarity of understanding, and name changes of titles and academic units are outlined in the revisions. This includes the change of title for the Associate Dean, Undergraduate Studies (formerly “Academic”) and the related office that was approved by Senate in early 2023; and, updated wording related to elections.

2. The composition of Faculty Council has been decreased and streamlined to allow for senior-level academic strategic planning and information sharing.

3. The composition of the Faculty Finance Committee has been expanded to include all Department Chairs and School Directors for stronger fiscal monitoring and decision-making across the Faculty.

4. Given the Faculty’s strong commitment to equity, diversity, inclusion and indigeneity, wording has been added in Section V “Elections” to encourage a diverse Faculty governance structure and representation. Changes to strengthen EDII have also been made to the Faculty’s Tenure & Promotion Committee as detailed below in #5.

5. Changes to the Faculty’s Tenure & Promotion Committee:
   a. The committee’s title is now “Tenure, Permanence & Promotion Committee” to recognize the importance of the permanence process and career progression for our teaching-stream faculty colleagues.
b. The composition has been altered to permit greater representation from across all our academic units and disciplines to ensure diverse review and decision-making, ensuring no one unit dominates the committee’s membership.

c. A teaching-stream faculty member with permanence at the rank of Associate Professor has been added as a Consultant to the Committee to allow for input when assessing the teaching and pedagogical activities of all candidates.

d. The Faculty’s Associate Dean (Equity, Diversity, Inclusion & Indigeneity) has been added as a Consultant to promote awareness and discussion of EDII matters related to Committee’s activities.

6. The Recognition and Rankings Committee has been reconstituted with a new name and expanded functions to now include research excellence, as well as being under the leadership of our Associate Deans (Research & External Relations) and (Equity, Diversity, Inclusion & Indigeneity).

We are happy to provide clarity or greater detail and rationale to the University Secretary or Senate Committee on By-laws on any proposed amendments. We look forward to final approval in the Fall of 2023.

V ELECTIONS

(i) In keeping with our institutional commitment to equity, diversity, inclusion and indigeneity, the Faculty and University seeks candidates to our governing bodies who share our commitment to equity and inclusion, who will contribute to the diversification of ideas and perspectives, and especially welcomes nominations from indigenous (First Nations, Métis or Inuit) peoples, members of racialized communities, persons with disabilities, women, and persons who identify as 2SLGBTQ+.

(ii) At an appropriate time each year, Faculty Council shall make appointments or nominations to fill the vacant positions on each University Standing Committee as appropriate, except the Faculty of Science Tenure, Permanence & Promotion Committee. Nominations shall be sent to all members of the electorate, at their University electronic mail address, giving members the opportunity to make additional nominations, within a designated period, any such nomination to be supported by three members of the electorate. In the event that further nominations are received, an election shall be conducted by the Secretary of the Senate, by means of ballots mailed to the University address of each member of the electorate.

(iii) At an appropriate time each year, Faculty Council shall make nominations sufficient to ensure an election of representatives of the Faculty of Science on Graduate Council, Undergraduate Council, Senate, the Faculty of Science Tenure, Permanence & Promotion Committee, and the University Planning Committee.

These nominations shall be sent to all members of the electorate eligible to vote in such elections, at their University electronic mail address, giving members the opportunity to nominate, within a designated period, additional candidates for any vacancy, any such nomination to be supported by three members of the electorate. The elections shall be conducted by the Secretary of the Senate, by means of ballots sent to the University electronic mail address of each member of the electorate.

(iv) Faculty Council shall nominate a representative of the Faculty of Science, for a three-year renewable term, to each of the other Faculties in which the Faculty of Science has representation. Additional nominations may be made by members of the electorate, within a designated period, any such nomination to be supported by three members of the electorate. If an election for any of these representatives be necessary, it shall be held concurrently with the election of members of the University Standing Committees.
(v) In the election of faculty members from the Faculty of Science to the Senate, no Department or School shall hold more than two of the six allotted seats.

(vi) In the election of faculty members from the Faculty of Science as Representatives to Other Faculties, no Department or School shall hold more than one seat.

(vii) All elections shall be conducted in accordance with the single transferable vote procedure.

(viii) The Faculty of Science electorate shall consist of those full-time faculty members holding the rank of Lecturer and above in the Departments and Schools of the Faculty of Science except insofar as the electorate for the Tenure, Permanence & Promotion Committee is restricted by Senate to full-time, tenured members of the Faculty of Science.

(ix) Appointments to Faculty Standing Committees from Departments and Schools shall be forwarded by the School Directors and Department Chairs to the Dean prior to July 1 of each year.

(x) All Faculty Standing Committee memberships shall be effective July 1 of each year.

(xi) If a position on a Faculty Standing Committee other than the Tenure, Permanence & Promotion Committee becomes vacant, Faculty Council may fill that vacancy for the remainder of the vacated term. In the case of a vacancy on the Tenure, Permanence & Promotion Committee, a by-election must be held in accordance with the procedures outlined above.

(xii) In the election of staff members to General Faculty, nominations shall be solicited from the staff electorate, within a designated period and any such nomination shall be supported by three members of the electorate.

(xiii) Individuals holding the position of “Secretary”, “Consultant” or “By Invitation” are non-voting, unless otherwise stated.

VI AMENDMENTS TO THE BY-LAWS OF THE FACULTY OF SCIENCE

(i) Any amendment to these By-laws must be approved by the Senate.

(ii) A recommendation to the Senate for any amendment to any By-law, or for any new By-law, shall be made only after the proposed change in the By-laws has been approved at a Faculty meeting. Notice of motion to request such amendment shall be given at a previous meeting of General Faculty, or in writing to all members of General Faculty at least four weeks before the meeting.

VII IMPLEMENTATION

The date of effect for these By-laws shall be the date on which they receive the approval of the Senate.

Re: Revised Terms of Reference for The Walter G. Booth Chair in Engineering Entrepreneurship and Innovation and The Class of 1962 Mechanical Engineering Chair in Eco-Entrepreneurship

On behalf of the Faculty of Engineering, I would like to recommend for approval revised terms of reference for The Walter G. Booth Chair in Engineering Entrepreneurship and Innovation and The Class of 1962 Mechanical Engineering Chair in Eco-Entrepreneurship.

These Chairs were established respectively in 2002 and 2010 through the generous philanthropic support of the late Walter G. Booth.

Since the creation of these endowed Chairs, the strategic direction of the Faculty of Engineering and the Walter G. Booth School of Engineering Practice and Technology have been evolving to meet the future needs in industry. I have enclosed copies of the original and revised terms of reference for each Chair.

Communication regarding these changes has taken place with Catherine Booth on behalf of the Booth Family.

Thank you for considering these recommendations.

Yours truly,

Heather Sheardown, FCAE, FAIMBE, FIUSBE
Dean, Faculty of Engineering

Encls:
The Walter G. Booth Chair in Engineering Entrepreneurship and Innovation
Established in 2002

Original Terms of Reference
The Chairholder will provide the vision and leadership required to: develop an innovative research program in the area of corporate and global entrepreneurship; oversee the curriculum development for the Centre for Engineering Entrepreneurship and Innovation; supervise graduate and postdoctoral students; and offer short courses and technology briefings to industry.

Proposed Revised Terms of Reference
The Chairholder will provide the vision and leadership required in Advanced Smart Systems and Technology for emerging contemporary engineering priorities while preserving Walter G. Booth’s understanding that the Chair will encourage entrepreneurship, innovation, and relevant industrial application.

Details and Duties of Chair
The holder of the Chair shall be an individual with sufficient research and education experience and who has demonstrated interest in, and capability to implement the objectives set out below:

• Hold a full-time faculty position within the Walter G. Booth School of Engineering Practice and Technology within the Faculty of Engineering at McMaster University.
• Provide leadership within the Walter G. Booth School of Engineering Practice and Technology in the field of Advanced Smart Systems and Technology.
• Provide leadership within the Walter G. Booth School of Engineering Practice and Technology in the area of curriculum development for students at both the undergraduate and graduate levels that encourages entrepreneurship, innovation, and relevant industrial application.

Selection Process
The Dean of the Faculty of Engineering will appoint an appropriate Selection Committee which shall include the Associate Dean, Research, Innovation and External Relations in Faculty of Engineering and the Director of the Walter Booth School of Engineering Practice and Technology. The Selection Committee will recommend an appointment to the Faculty Appointment Committee which will forward its recommendation to the Senate Committee on Appointments.

Term
An appointment to the Chair shall be for an initial five-year period, with the understanding that renewal for additional terms is possible. The incumbent will acknowledge that he/she holds The Walter G. Booth Chair in Engineering Entrepreneurship and Innovation at McMaster University in all publications, lectures and any other activities supported through the fund. The incumbent will participate in the annual donor recognition programme.

1 Current priorities would include: AI, IoT, robotics, and cyber-physical systems.
The Class of 1962 Mechanical Engineering Chair in Eco-Entrepreneurship
Established in 2010

Original Terms of Reference
The Chairholder will build on current strengths and expand capacity within the Xerox Centre for Engineering Entrepreneurship and Innovation and the ArcelorMittal Dofasco Centre for Engineering and Public Policy, both integral components of the Walter G. Booth School of Engineering Practice and Technology. The Chair will focus specifically on how to develop and implement responsible and opportunity-creating public policy and how to use this to bring sustainable technologies successfully to market. This will enable McMaster to educate students who will seize entrepreneurial opportunities leading to sustainable businesses based on eco-effective designs.

Proposed Revised Terms of Reference
The Chairholder will build upon current strengths and expand capacity at McMaster University in the areas of entrepreneurship and public policy. This Chair will be open to internal candidates from within the Faculty of Engineering and the external marketplace. The Chair will focus on opportunities to bring technologies that support sustainable outcomes to market. This includes consideration of public policy and other supports that promote positive outcomes for enterprises that benefit the environment and society. This will enable the Faculty of Engineering to educate students who will seize entrepreneurial opportunities leading to sustainable businesses based on eco-effective designs.

Details and Duties of the Chair
The holder of the Chair shall be an individual with sufficient research and education experience and who has demonstrated interest in and capability to implement the objectives set out below:

- Hold a full-time faculty position within the Faculty of Engineering at McMaster University.
- Provide leadership to the Faculty of Engineering in the areas of entrepreneurship and public policy for sustainable technologies.
- Provide leadership within the Faculty of Engineering in the areas of curriculum development for undergraduate and graduate students to gain knowledge and experience on how to create sustainable businesses based on eco-effective designs.

Selection Process
The Dean of the Faculty of Engineering will appoint an appropriate Selection Committee which shall include the Associate Dean, Research, Innovation and External Relations in Faculty of Engineering and the Director of the Walter Booth School of Engineering Practice and Technology. The Selection Committee will recommend an appointment to the Faculty Appointment Committee which will forward its recommendation to the Senate Committee on Appointments.
